FIRE STILL RAGING.

CHICAGO, October 9.—Noon.—The whole business portion of the city is in ashes, from Harrison street north to Chicago avenue, and east of the river to Lake avenue, three miles in length, and from one mile to one mile and a half in width. Every hotel, bank, express office, telegraph office, theatre and newspaper office, with all the wholesale houses in the city, are totally destroyed. Many thousand dwellings and the water works are also burned.

Early this morning the wind was blowing a perfect gale from the southwest, with a sky of brass.

No one can as yet tell what the end will be. The only salvation for the remainder of the city is in the wind keeping its present direction.

The Western Union Telegraph has succeeded in getting up a few wires from the hastily improved office in the southern part of the city, establishing communication in nearly all quarters. Munificent offers of assistance are coming from every quarter.

Thousands of people are homeless, and most of them in a destitute condition.

The unburned streets are for miles lined with household goods.

No one dare to even think what the loss of life may be. The flames swept through the city with the rapidity of a prairie fire. Many must have perished.

CHICAGO, October 9.—To Hon. William Orton, New York: We are trying to get established a supply department, but as the fire is now coming up this way on Wabash avenue, we will probably be driven out of here before night. The water-works are burned. Every banking house and railroad depot in the city has been burned.

[Signed] J. J. S. WILSON,
Superintendent.

[This dispatch was dated in the southern portion of the city.]

O. H. Palmer, New York: One third of the city is in ruins. All the banks, insurance offices, warehouses and elevators are destroyed. Fully ten thousand buildings were burned. The fire is still raging.

CHICAGO, October 9.—The awful work of destruction goes on with relentless fury from Harrison street south to Division street north, and from the river to the lake. In an area of four miles long by one wide, the flames have swept everything before them.

It is estimated that at least one hundred thousand people are houseless and in a suffering condition. The streets in districts still unharmed are lined for miles with such household goods as have been saved from destruction.

Most generous offers of assistance in money, are coming from every city and town possible by telegraph. The Mayor has responded to several offers, asking that cooked food be forwarded as soon as possible. Firemen are on their way here from Cincinnati, St. Louis and other cities. The water works are entirely destroyed. They are now blowing up buildings on the line of the fire to attempt to arrest the progress of the flames.

Later.—It is now believed that the spreading of the fire southward has been stayed at Harrison street, but on the north side there is no diminution of its fury, and that entire division of the city is evidently doomed to utter destruction, and there are grave fears that the flames may spread to the west side of the north branch of the river, and the inhabitants on the streets nearest the river are already moving to places of supposed greater safety.

The Western Union Telegraph have now six wires working east and south and running into a temporary office on the corner of State and Sixteenth streets. The Northwestern Railroad is running trains on both its branches, which are crowded with fleeing citizens.

It is now positively asserted by some that the water works are still intact, but that the water has been shut off from the south and west divisions on account of the quantity being used on the north side.

Reliable gentlemen just arrived from the north division bring the joyful intelligence that the water works are uninjured. God grant it may prove true!

It is impossible now to give even an approximately correct statement of the losses, but a faint idea may be formed when it is stated that every bank in the city, except two small savings institutions, one on Twenty-fifth street, in the south division, and one on Randolph street, in the west division, are destroyed. All the wholesale stores and all the large retail establishments, the Postoffice, court house, Chamber of Commerce, every hotel on the south division (except the Michigan Avenue Hotel, which stands on the extreme southern limit of the fire, escaped, though badly scorched), every newspaper office, (the *Tribune* building, supposed to be fire proof, having finally succumbed), every theatre, six of the largest elevators, the immense depots of the Michigan Southern and Illinois Central Railroad, both passenger and freight depots of the latter, and more than a score of churches, and much of the shipping in the river, are burned.

Men who were millionaires yesterday morning are nearly penniless [illegible] more terrible than all is [illegible] tainty that many hu[illegible] found fiery graves. H[illegible] can now tell; perhaps [illegible] tell, but some are kno[illegible] ed, and there is a h[illegible] that the victims of the [illegible] be counted by scores of [illegible] horses and cows have bee[illegible] their stables, and on the North [illegible] number, though released from confinement, were so bewildered and confused by the sea of fire which surrounded them, that they rushed to and fro, uttering cries of fright and pain until scorched and killed.

Any attempt at a description of the scenes of this appalling calamity would be idle. The simple fact that the once great city of Chicago is destroyed, that hundreds of millions of her capital have vanished, and that nearly one-third of her inhabitants are homeless and dependant, are enough. Any attempt to embellish would be but a mockery. As this awful day draws to a close thousands of anxious eyes watch the dense clouds of smoke which still roll over the burnt district, with the dread that a sudden change of the wind may turn the flames upon that portion of the city yet spared. There seems, however, little cause for the such apprehensions, and reinforcements of firemen from other cities are constantly arriving.

Col. J. J. S. Wilson, superintendent of telegraph, is in receipt of dispatches from the leading cities, announcing that aid is being provided for the sufferers.

Col. Clamery, of St. Louis, telegraphs that $70,000 has been subscribed by merchants of Cincinnati and promises of two hundred thousand, and Cleveland is proportionately generous. All this and a good deal more will be needed to relieve the immediate pressing wants, and every thing is being done by General Stager and his assistants to keep up communication for the citizens and the press with the world outside.

Col. Geo. T. Williams, Superintendent of Cincinnati, O., reported promptly for duty this morning. About three-fourths of the United States mail was saved and taken possession of by Col. Wood, of the Postoffice service.

CHICAGO, October 9, 6 P. M.—The progress of the flames on the south division was *finally* arrested about *ten* o'clock this afternoon. This was accomplished by the blowing up and demolishing of several buildings on Wabash avenue and Congress streets by Lieutenant General Sheridan. The district burned over in the south division embraces everything from the main branch of the Chicago river to the lake, embracing about one hundred blocks, and the district contained all the leading business houses, the banks, insurance offices, hotels, etc. A large number of churches, including St. Mary's (Catholic,) St. Trinity, First Presbyterian, United Presbyterian, St. Paul, Swedenborgian, etc. The Methodist Church on the corner of Wabash avenue and Congress street is saved. The Michigan avenue and Congress street churches and Congress Hall, directly adjoining on Congress street, are saved. Michigan Terrace, on Michigan avenue, embracing the residences of Gen. Bross, Hon. John Scammon, S. C. Greggs, Peter L. Ross, and other leading citizens, is completely destroyed, with the furniture and nearly all the other contents. All the newspaper establishments are totally wiped out. The *Tribune* building resisted the fire for several hours, but finally yielded. McVicker's Theatre, immediately adjoining, also withstood the raging element, but finally succumbed. In fact all the buildings in the district which is claimed to be fire proof shared the fate of those which could make no such claims. The great central depot at the foot of Lake street has become a heap of ruins.

About nine o clock most of the passenger cars of the Michigan Central, Burlington & Quincy and Illinois Central Railroads, were moved on the brakewater and saved. In the south division, the fire extended as far as Polk street, sweeping everything before it. The distance burned over here is some three blocks wide, and over half a mile in length, numbering about thirty blocks. The buildings were generally of the cheaper character, embracing saloons, small shops, poor residences, etc. The district burned over on the west side commences at Taylor street; running to Dekover and to Jefferson; ran thence four or five blocks north, and then moved diagonally towards the river, and finally the west line was established on Clinton street and reaching thence to the river. It moved on this line northward until it reached the Northwestern (west side) depots, where it stopped, a distance of nearly two miles from where it started. The Pittsburgh, Fort Wayne and Chicago, and Chicago and St. Louis depots were in this territory. Both passenger and freight were in this district, and are wiped out. Almost the entire northern division from the main branch of the Chicago river to Lincoln Park, nearly eight miles in length and one mile wide, is completely destroyed, including the water works, a number of churches, etc. This statement embraces the districts devastated, and embraces almost the entire business portion of the city south of Harrison street, on the south division, and reaching out many miles, and covered almost entirely with dwellings, composed largely of the more elegant classes, which are untouched, and may now be regarded as safe from injury. For miles and miles in every direction the sidewalks, lawns, vacant lots and front yards of dwellings are filled with people who have escaped from these burning dwellings, taking with them only a scanty amount of furniture and clothing. The sight is truly pitiful and harrowing. They must receive immediate relief, or many from exposure and starvation will perish.

As stated in my previous dispatch, it is utterly impossible to make an approximate estimate of the entire loss, but it can scarcely fall below one hundred and fifty millions of dollars. Of course, but a fraction of the amount can be realized from the insurance.

Gen. Sheridan has to day telegraphed to St. Louis to the Missouri Department there to send at once to Chicago one hundred thousand rations. He telegraphed to Omaha for eight companies of soldiers and one hundred tents. They will be all here as soon as they can reach here by rail. He will also order another 100,000 rations.

Mayor Mason has issued a proclamation calling a meeting to-night in the west division to see what provision can be made for the relief of the sufferers there. There are at least one hundred thousand people who know not where to get provisions to satisfy their hunger.

A late rumor from the north division says the devastation is less wide-spread than heretofore reported, yet undoubtedly many have perished.

NEW YORK, October 9.—The officers of the Western Union Telegraph Company report that the Sherman House, Postoffice, Custom House, Rock Island depot, Briggs House, Tremont House, Illinois Central depot, Board of Trade, all the railroad depots, and the Western Union Telegraph building at Chicago are all in ashes.

The Chicago fire has caused great excitement in this city. Feelings of pain are visible upon the faces of the crowds gathered at the newspaper bulletins in search of particulars. Newspaper extras were issued at eleven o'clock this morning, containing the news, and were sold in large numbers. In Wall street there is intense excitement. All stocks have suffered from the sorrowing intelligence. Many citizens are taking steps for calling a relief meeting at once.

CINCINNATI, October 9.—Information received from Chicago this morning, *via* St. Louis and Cairo, said to be reliable, states that the following buildings are burned: Sherman House, Chamber of Commerce, Court House, Western Union Telegraph building, and all that part of the city, covering over thirty blocks.

The following is from J. J. Wilson, Chicago: 10 A. M.—No water. The fire is coming south on Wabash avenue, and will probably reach us before night.

A mass meeting is being held here, presided over by Governor Hays, for the relief of the Chicago sufferers.

A dispatch from Superintendent Wilson, of the Western Union Telegraph Company, Chicago, says cooked food at this moment would be most valuable. He says, there are at least seventy-five thousand people in the streets. The conflagration is unabated.

A meeting of the Common Council was called at one o'clock to take action for the relief of the Chicago sufferers.

At the preachers' meetings of the Methodist Episcopal churches this morning, resolutions of sympathy were adopted, declaring that they would call on their congregations to co-operate with the city authorities in affording immediate relief.

The Mayors of nearly all the western cities have proffered relief and assistance to the Mayor of Chicago.

The Chief Engineer of the Cincinnati Fire Department, with three engines and hose carts, has started for Chicago.

A meeting of the railroad Presidents and prominent merchants and citizens of Cincinnati is now being held at the rooms of the Chamber of Commerce to take measures for the relief of the sufferers.

The great fire in Chicago monopolizes all attention. Business is entirely suspended. Newspapers bulletins keep the people advised. Extras issued by the morning papers are eagerly caught up. The great calamity moves every heart.

The citizens' meeting called at the Chamber of Commerce is largely attended; Mayor Davis presides. Committees on Finance and Transportation were appointed. Subscriptions and cash payments were at once received. The Chamber of Commerce gave five thousand dollars. Many leading firms gave one thousand each. At 12 o'clock twenty-five thousand dollars had been subscribed.

At half-past ten o'clock Mayor Davis sent by special train on the Hamilton and Dayton Railroad three steam fire engines and all the hose at the command of the city, together with all the men necessary to man them.

The Hamilton and Dayton Railroad sent notice that they had ample transportation for all supplies and help necessary to be sent to Chicago, free. The Indianapolis, Cincinnati and Lafayette Road makes the same offer. The American Express Company also proposes to carry supplies free.

In accordance with these offers the Mayor sends a dispatch to the cities along the line of the railroads to collect supplies to be taken free. Blankets and clothing will be collected and sent to-day in large quantities; also cooked food. The committee will leave for Chicago at five o'clock in the evening.

The streets in front of the newspaper offices are thronged with people eager to obtain the last news of the frightful calamity, and the only topic of conversation is the terrible distress of the people and fearful destruction of property.

Later.—A dispatch has just been received from Chicago, asking for fire engines and men. They will be sent at once. The dispatch also says *the fire is still raging.*

At a meeting of both Boards of the Common Council, held at one o'clock, it was resolved by a unanimous vote to appropriate one hundred thousand dollars for the relief of Chicago, despite the *legal disability to make such an appropriation*, but pledging themselves individually to make the charity legal. A committee was appointed, and the action of the Mayor in sending fire engines and police was endorsed.

Business is partially suspended. Nothing was done on 'Change, owing to the excitement about Chicago.

ENGLEWOOD, ILL., October 9, 10 A. M.—The fire is still raging, and a southeasterly wind is blowing.

The loss, so far, is estimated at fifty millions of dollars. The water works are destroyed.

A dispatch from St. Louis says: We are telegraphing to all the cities for food and clothes.

Our people are starving.

R. D. E. ROWE,
Agent G. and S. Telegraph Co.

ST. LOUIS, October 9.—Mayor Brown has a dispatch from Chicago asking for food for the suffering people of that city. He has called a mass meeting of citizens at the Merchants' Exchange at twelve o'clock, which will be very largely attended.

The sympathy here is universal, all classes expressing the deepest feelings of sorrow for the suffering, and a noble and generous response will be made to the appeals for aid.

Mayor Brown has a special train standing on the Chicago and Alton track, ready to start at a moment's notice to take the fire engines, and anything else that may be required, for the relief of the suffering or the aid of the distressed.

Later.—The mass meeting at the Merchants' Exchange at noon was the largest one ever held there. People of all classes and conditions poured in to express sympathy or contribute aid. Some seventy thousand dollars were raised in the space of one hour, and the meeting is still in session. Commissioners will be appointed to canvass the city for money, food and clothing, and arrangements have already been made for the reception of such articles at hotels and other points, at which they will be picked up by transfer companies' wagons and taken to depots of railroads leading to Chicago.

It has already gone abroad almost throughout the city that hungry women and children in Chicago want food.

By night there will be, it is thought, tons of cooked provisions ready for transportation to the suffering people of Chicago.

WASHINGTON, October 9.—The fire at Chicago creates intense excitement throughout the city, especially among gentlemen from that locality. In addition to the press telegrams, Gen. Myers, of the Signal Service, has been receiving dispatches from time to time regarding the conflagration.

On reading them this morning, President Grant requested Secretary Belknap to telegraph Gen. Sheridan, saying it was the President's wish that Gen. Sheridan issue provisions and clothing to the sufferers from the supplies he has at his disposal, and if these prove insufficient, to call on the military authorities at St. Louis for the same purpose.

OSWEGO, October 9.—The members of the Board of Trade have contributed $2,000 to the Chicago sufferers.

BOSTON, October 9.—The terrible fire at Chicago causes a profound sensation here. It is the all-engrossing subject, and depresses business of all kinds.

WHEELING, October 9.—The intelligence of the great fire in Chicago creates intense excitement. The Mayor of the city of Wheeling, in view of the great disaster, has called a special meeting of the City Council for this evening to take action in the premises.

CINCINNATI, October 9.—To all cities and towns along the lines of railroads leading to Chicago, Greeting: At an immense mass meeting held at the Chamber of Commerce in Cincinnati, large donations have been made to relieve the suffering citizens of Chicago. Donations of all kinds will be transported free from all points. Cooked provisions and bed clothing are mostly needed at present.

[Signed] S. S. DAVIS,
Mayor and Chairman of Finance Committee.

ENGLEWOOD, 10 miles from Chicago, October 9, 11 A. M.—The work of devastation continues. More than one-half of the city is already destroyed, and the flames continue their ravages almost unopposed. At about one o'clock this morning the fire crossed the river at the Adams street bridge. It soon destroyed the gas works, and then spread itself in every direction, and at this hour almost every building from Harrison street north to the Chicago river is destroyed, including all insurance offices, banks, hotels, telegraph offices, newspaper establishments (with the single exception of the *Tribune* office, which is fire proof,) the court house, Sherman House, Tremont House, Palmer House, new Pacific Hotel, new Bigelow House—in fact every hotel and everything else is swept clean. This district embraces all the heavy business houses in the city. The raging fire and brimstone in Sodom and Gomorrah can hardly be compared to the devastating reign of the fire fiend in Chicago. More than one-half of the population is now rushing through the streets in vehicles, which are obtained at enormous prices, on foot, and in every other way, with the choicest household treasures in their arms and on their backs, in utter confusion, not knowing whither to go. Fearful suffering must follow, and almost immediately. Fully one hundred and fifty thousand people are at this moment homeless and houseless, not knowing where to lay their heads or get anything to satisfy their cravings of hunger.

NEW YORK, October 9.—Jay Gould, President of the Erie Railroad, has addressed a communication to Mayor Hall, stating that he has received a telegram from the Mayor of Chicago concerning the fire, that the Erie Railroad has a train at their depot, and will receive and forward free, on fast trains through to Chicago, all contributions which the citizens of New York may furnish to aid the sufferers.

LOUISVILLE, October 9.—The news of the awful calamity which has befallen Chicago has excited the greatest interest and commisseration in this city. The Mayor has issued a proclamation referring to the disaster, saying the stroke is such an extraordinary and deep one that every instinct of humanity urges us to rise up at once and proffer our sympathy and assistance to our afflicted fellow countrymen in that city. I therefore invite business men and all other citizens who are moved with sympathy by the deplorable affairs in Chicago to assemble at the Court House to-night, at half-past seven o'clock, 9th inst., to devise ways and means for speedily forwarding contributions and assistance, and express the feeling of this community on this disastrous occasion. The Board of Trade met and passed resolutions to the same effect, which we published in hand bills and distributed throughout the city. Every other interest is forgotten in pity for the afflicted people.

CINCINNATI, October 9.—The officers of all Odd Fellows' lodges in the city held a meeting at four o'clock in aid of their suffering brethren in Chicago. Sixty thousand dollars have been raised to the present time by private subscription. The Mayor of Chicago telegraphs for tents to protect the houseless and asks for some blankets.

A special train will leave within an hour, conveying a committee of citizens and four car-loads of provisions, consisting in part of about 10,000 pounds of cheese, 10,000 pounds of dried beef, 50,000 loaves of bread, 200 barrels of crackers and 2,000 blankets. The train will run at passenger speed. Donations of provisions continue to be made, and will be promptly forwarded.

NEW YORK, October 9.—Great crowds are assembled at the bulletins and in public places, eagerly seeking additional news of the Chicago conflagration. At the Produce Exchange the excitement is very great. In mercantile circles it is thought that some of the accounts from the west represent the losses greater than they really are. Thus far no formal action has been taken looking to relief, but it is expected that some measures will be commenced to give assistance to the distressed sufferers. The afternoon papers editorially call upon the authorities to come to the rescue and bring the appeal from Chicago before the community forthwith. Profound feelings of sympathy and regret at the appalling calamity are manifested on every side.

PHILADELPHIA, October 9.—Great excitement prevails here regarding the Chicago fire. The streets are thronged with people in front of newspaper offices, to read the latest dispatches. The sympathy for the sufferers is universal.

NASHVILLE, October 9.—The greatest interest is manifested in behalf of the sufferers by the Chicago fire. Mayor Morris has issued a proclamation for a meeting of citizens to-morrow to provide means to assist the sufferers. A private citizen left a check at the *Banner* office to day for one hundred dollars, with the following note: "No North, no South, when our fellow men are in distress. Here is a hundred dollars for the needy in Chicago. Signed, J. O. W. Allen."

The managers of the Grey Theatrical Troupe tender a benefit to-morrow night for the Chicago sufferers.

MEMPHIS, October 9.—The great fire in Chicago is the all absorbing topic. Further details are anxiously awaited. Mayor Johnson and Col. Penion, President of the Chamber of Commerce, have issued a joint call for a meeting of citizens at half-past seven o'clock this evening, to take action in regard to the matter.

COLUMBUS, October 9.—The Chicago fire has produced a profound sensation here to-day. At a meeting of the citizens this afternoon, ten thousand dollars were contributed and a committee appointed to raise money and provisions for the sufferers. The bakeries at the penitentiary are busy to-night in baking bread and cooking meats to be forwarded to Chicago. The 6.45 express train to-night took out a large quantity of bread and meats prepared at the penitentiary.

WHEELING, W. VA., October 9.—At the special meeting of the City Council to-night, called by the Mayor, five thousand dollars were appropriated for the relief of the sufferers by the Chicago fire, and the Mayor and President of the second branch of the Council were ordered to remit the same to the Mayor of Chicago. The Mayor was authorized to call a mass meeting of citizens to-morrow morning at ten o'clock, to give an opportunity to large numbers of private citizens who are anxious to subscribe to the same purpose.

The Franklin Lodge, No. 3, I. O. O. F., donated one hundred dollars for the same purpose at its meeting, held this evening.

INDIANAPOLIS, October 9.—The news of the terrible calamity at Chicago created the most intense excitement here to day. Nothing has equaled it since the firing on Fort Sumpter. Two steam engines and two cars of provisions were sent to Chicago this afternoon, with a corps of firemen and policemen. At a meeting held at the Board of Trade rooms to-night ten thousand dollars were subscribed and thirty thousand pledged. More provisions will be sent to-morrow, and a general meeting of the city is called for to-morrow night.

TERRE HAUTE, Ind., October 9.—The Common Council of this city has just made shipments of provisions by rail to Chicago. More will follow. The Vandalia line takes all contributions for the sufferers free to Chicago.

EVANSVILLE, Ind., October 9.—A meeting for the relief of Chicago was called by Mayor Baker to-night. The sympathy and excitement are great.

Later.—The citizens' meeting at the Opera House to-night appointed a committee to collect money and a committee to forward provisions to-morrow to aid the Chicago sufferers; also recommended that the City Council donate ten thousand dollars. Hon. Shanklin subscribed three hundred dollars in cash and one hundred city lots, to be given to such sufferers as will move to this city. Wm Hulman subscribed three hundred dollars, and several parties one hundred. Several thousand dollars were raised and will be sent to-morrow. The meeting was large and very enthusiastic.

MEMPHIS, October 9.—At a meeting of citizens at the Chamber of Commerce to-night, brief speeches were made by Hon. Emmerson Eldridge, John Brown, Mayor Johnson and others. Subscriptions were opened and several thousand dollars subscribed. A joint committee of citizens and the Chamber of Commerce was appointed, who reported the following resolution:

WHEREAS, Intelligence of the appalling calamity that has fallen on the great monopolies of the lakes, has awakened in the hearts of the people of Memphis their profoundest sympathies, therefore,

Resolved, That we are deeply moved by the sorrowful misfortune that has involved and still continues to involve alike the rich and poor of Chicago; that we feel for the homeless, impoverished and bereaved of her citizens, and wish that it was in our power to extend full relief, but to the entire limit of our ability we pledge ourselves to give of our means substantial aid.

After which the meeting adjourned till to-morrow evening, when a mass meeting will be held at the Opera House. The railroad and steamboat lines offer to send all supplies free.

PHILADELPHIA, October 9.—Mayor Fox has called a meeting of the citizens for Wednesday to initiate measures for a warm and generous response to the appeal of the Chicagoans for aid. The Commercial Exchange Association has appointed a committee of twenty to collect funds for Chicago and sent a message of sympathy to the Mayor of Chicago.

ALBANY, N. Y., October 9.—Mayor Thatcher called a meeting for to-morrow in aid of the inhabitants of Chicago.

BALTIMORE, October 9.—The City Council has requested the Mayor to offer sympathy and ask what aid Baltimore can tender to Chicago in her great calamity.

ST. LOUIS, October 9.—The largest meeting of citizens ever held here to-day raised $70,000 for Chicago in an hour. Committees were appointed to canvass the city for money and clothing. A train started to night loaded with cooked provisions. The Merchants' Exchange subscribed $10,000.

POUGHKEEPSIE, October 9.—A meeting was called by the Mayor for to-morrow to aid Chicago.

SARATOGA, October 9.—A meeting is called for to-morrow to raise funds for the Chicago sufferers.

BOSTON, October 9.—Mayor Gaston has telegraphed to the Mayor of Chicago expressing sympathy, and inquiring in what manner Boston can best extend aid.

CINCINNATI, October 9.—The excitement here concerning Chicago is unabated to-night. Newspaper offices are thronged. The city is moved with profound sympathy. The Merchants' Exchange was open all day for the reception of subscriptions. Large public meetings are held to-night. The announcement of contributions is received with applause. A car left this evening at five o'clock in charge of a committee of the Common Council over the I. C. & L. Railroad, containing one hundred and seventy-two barrels of crackers, two hundred and fifteen boxes of provisions of various kinds, seventy-seven bales of blankets, and two thousand loaves of bread.

The Evangelical ministers held a meeting this afternoon and resolved to co-operate with the authorities in affording relief.

The Odd Fellows sent one car load of provisions to-night. At a public meeting to-day they requested the Most Worthy Grand Master to call the attention of all lodges of the Encampment in Ohio to the necessity of taking immediate action, and that all contributions could be shipped to the Order here.

The Masonic bodies hold a general meeting to-morrow; also the Knights of Pythias.

The contribution of Cincinnati to-day will reach fully two hundred thousand dollars. The smaller cities in other States all seem to be moving to the relief of the sufferers.

NEW YORK, October 9.—Mayor Hall has sent the following letter for publication to the morning papers:

New York, October 9.—Mayor's office.—Afternoon—A disaster has befallen the great city of Chicago, which not only has destroyed the best part of its dwellings and paralyzed its industry and business, but threatens the gravest consequence to the commerce and prosperity of our country. It has also reduced thousands of people to houselessness and privation. A dispatch from the Mayor of Chicago comes in these words: "Can you send us some aid for a hundred thousand houseless people." I have responded that New York will do everything possible to alleviate this disaster, and I now call upon the people to make such organizations as may be expedient and most effective, for the purpose of sending money, clothing and food. I would recommend the immediate formation of general relief committees, who would take charge of all contributions. In order that no time may be lost in carrying relief to those of our fellow-citizens who have fallen under the dispensation of Providence, I suggest that the Chamber of Commerce, Produce Exchange, Board of Brokers and the united Presidents of banks, and all religious and charitable societies, immediately call a meeting of their respective members, and from them select independent relief committees, who shall solicit subscriptions of money, and food and clothing within their appropriate spheres of action. In the meantime I am authorized to state that contributions of food and clothing sent to the depots of the Erie railroad, Hudson river and Central railroads, under the spontaneous offers of Jay Gould and Wm. H. Vanderbilt, in even small quantities from individuals or business sources will be at once, forwarded through to Chicago free of expense. I cannot too strongly urge upon our citizens immediate attention to this subject.

[Signed.] A. OAKEY HALL,
Mayor.

ROCHESTER, N. Y., October 9.—Toronto Lodge, No. 8, I. O. O. F., contributed this evening two hundred and fifty dollars to the sufferers by the great Chicago fire. Other lodges of the Order in this city propose making similar donations.

FOREIGN.

FRANCE.

MINISTRY CHANGES.

PARIS, October 9.—It is reported that Victor Le Franc succeeds the late M. Lambrecht in the Ministry of the Interior, and that Picard will fill the position of Minister of Finance *pro tem.*, vacated by the transfer of Le Franc.

ELECTION RETURNS.

Returns begin to come in from the elections for delegates to the Conseils Generaux. They indicate that the radicals have returned their candidates from the cities of Lyons, Toulouse, Marseilles and Avignon. The moderate Republicans carry Lille, and are ahead in the northern departments of the Seine Inferieure, Eure, Calvados, Mouche and Orne. The Conservatives carry the city of Toulon. The Bonapartists have been successful in central France. The Duc D'Aumale has been elected from Claremont, and M. Larcy, Minister of Public Works, from Nimes. Gambetta is defeated in the department of the Hot. The elections have passed off quietly. The vote is light, many electors having abstained from voting.

GERMANY.

THE CUSTOMS TREATY.

BERLIN, October 9.—The government has recalled Herr Von Arnim from Versailles, for consultation regarding the Franco-German customs treaty. Poyer Quertier had an interview with Bismarck to-day.

THE CAPITAL.

WASHINGTON, October 9, 1871.

HODGE'S SENTENCE.

The court martial which recently tried Major Hodge for embezzlement has sentenced him to be cashiered, to forfeit all pay and allowances that may be due him at the date of the promulgation of this sentence, to be imprisoned at hard labor for ten years in such penitentiary as the proper authority may direct, and thereafter to be imprisoned in such penitentiary until he shall refund to the United States the amount of his embezzlement, $445,455. The latter would be equal to imprisonment for life. As no one supposed that this requirement would be filled, the President to-day, therefore, disapproved this part of the finding, but approved that which consigns him to the penitentiary at labor for ten years. The penitentiary at Albany is designated as the place of confinement.

CAIRO.

Sinking of the Steamer Virginia.

CAIRO, Ill., October 9.—Capt. Boyd, of the steamer Shreve, gives the particulars of the sinking of the steamer Virginia. At nine o'clock on Saturday night she struck an obstruction, unknown to the pilots, while rounding to Phigley's wood yard, one hundred and twenty miles below Cairo. She sunk in two minutes. No lives were lost. She lies straight in fifteen feet of water. The cargo, with the live stock, is a total loss. Capt. Boyd tendered his aid, but the passengers remained on the wreck, waiting for a down steamboat. The wrecking steamer Eckert went to her relief early this morning.

BRIEF TELEGRAMS.

—A shock of earthquake was felt at Salem, N. J., yesterday, lasting several seconds, jarring houses and windows.

—George Evans, the defaulting State agent, has been surrendered by the New York authorities to the Pennsylvania State officials.

—The explosion of two hundred kegs of powder, about three miles from Wilmington, Del., yesterday morning, started reports of an earthquake.

—Disturbances arose yesterday, at Philadelphia, between the whites and blacks, during which shots were fired and stones thrown by an excited mob. The election excitement is the cause of the trouble.

—There was a preceptible shock of earthquake at New Castle, Del., accompanied by a roaring sound, between nine and ten o'clock yesterday morning, causing great alarm. All the houses were shaken. No damage was done to property.

A Nice Story.

Apropos of Renforth's death a correspondent of the London *Standard* tells a very pretty story of "a most successful mode of drugging in use over the American continent, which produces loss of strength and torpor, and which, in the case of death resulting, defies the most acute medical analysis." He was himself once a victim of this drugging. He drank one mouthful of so-called brandy, and ten minutes afterwards he became giddy, lost the use of his limbs, and then consciousness, and did not recover for some seven hours sufficiently to enable him to walk. He subsequently got acquainted with a man who had been employed at a New York vault to enact the part of a drugger, and this respectable and no doubt reliable individual explained [illegible] process. Part of a bottle of any liquid is decanted and the space filled up by tobacco smoke, expelled from a clay pipe, well impregnated with nicotine. The bottle is then well shaken and filled up again with the portion before taken out. It is then left to stand for a week or so, but if standing before use for a fortnight death will be the result of drinking.

THE CHICAGO FIRE.

NEW YORK, October 9, 1871.

THE CHICAGO FIRE.

The great fire at Chicago has created the most profound sensation here, and has had a depressing effect upon all departments of business. In all insurance offices the utmost anxiety prevails. It is impossible to tell as yet the number or extent of the risks in New York offices. While many companies will lose heavily, perhaps none of them will be so seriously injured as to suspend. The immediate result here is a timidity among those who have money to lend, based upon the expectation that the insurance companies will be compelled to call in all their available assets and realize on securities that are readily convertible into cash. The scene in the Stock Exchange was one of the wildest ever witnessed there. Demoniac yells, such as one heard in the Gold Room on the "black Friday" in 1869, announced the struggles of desperate men to save at least a little from their wrecked fortunes. Gestures of despair, and faces pale with mortal fear, racked by anguish, such as one may well wish never to see a second time, greeted one on every side. The scene was painfully interesting and exciting. To a stranger it would seem that the assemblage of well-dressed men before him was insane. Many a broker whose fortune is slipping from his grasp, without having power to stay it, was temporarily mad, and with good reason. Such a scene has not been witnessed since the famous break in Rock Island last summer.

A meeting of the Chamber of Commerce has been called for Tuesday at noon, to afford an opportunity to the merchants of this city to contribute to the relief of the sufferers by the fire.

At the Produce Exchange there has been intense excitement all day, and measures will be taken at once to send provisions, &c., to the afflicted city.

Arrangements are making for a relief meeting of citizens. The call for the meeting will be issued to-night.

The excitement throughout the city in consequence of the terrible news from Chicago was intense. Nothing like it has been witnessed since the first days of the Franco Prussian war. Every newspaper office had double or treble bulletin boards out, with the freshest items regarding the spread of the flames and destruction of property. Crowds of readers, amounting to several hundred, pressed eagerly around these boards, and passed from one office to the other reading the bulletins. A dense crowd filled the sidewalk and overflowed nearly to the middle of Broadway opposite the Western Union Telegraph office, on the windows and glass doors of which dispatches from the scene of the disaster are posted as soon as received. In short, nothing but the fire in Chicago is talked of throughout the city, and the people are filled with the deepest sympathy and sorrow for the fate of the great western city. In many localities the shock has been such as to partially bring business to a stand still. In the insurance offices on Broadway very little was done beyond conversing about the calamity and comparing notes as to probable losses of the several companies insuring in Chicago. Every moment visitors were arriving to see the Presidents or secretaries, and question them as to the losses to themselves or neighboring companies, but they were none of them able to form even a rough estimate. The insurance people are greatly exercised over the appalling news.

At the Fire Underwriters the greatest apprehensions were entertained as to the solvency of some of the companies who have risked heavily on Chicago property.

A meeting has been called at the Chamber of Commerce for to-morrow, to take action in the emergency, and there is no doubt but the response will be of the heartiest and most liberal character. Business men of every class are ready and eager to do their duty toward the suffering people of Chicago, and it may be relied upon that the contribution from the Empire City will be a prompt and noble one. The meeting will be a crowded one, and the utmost impatience is manifested for the speedy formation of a channel through which to convey the practical assistance and sympathy of New York.

The officers of the Great Western and Michigan Central railroads also announce that they will transport free of charge from the Suspension Bridge to Chicago all supplies forwarded to the Mayor of Chicago, contributed for the relief of the sufferers from the great fire.

TAMMANY AFFAIRS.

At a meeting of the Workingmen's party, last evening, it was resolved to appoint a committee to confer with the Citizens' Committee of Seventy, with a view to affording such committee the assistance of the workingmen.

The business municipal reform statement from Commissioner Hilton that the expenditures of the Park Department from January 1st to October 7th, of the present year, is $2,510,946.71, is believed to be extravagant. Comptroller Green, who is connected with this department, will be consulted as to the park expenditures before any further appropriation will be granted.

Another of the ways by which the city has been plundered, is said to be found in the coal supply contract for the Court House. Immense bills have been paid for coal, though the amount furnished is said to be small. The ring officials, it is supposed, received much of the coal contracted for.

The action of the Grand Jury in the matter of the charges against Mayor Hall will probably be known to-morrow. The District Attorney declines to give any information concerning the indictment.

It is possible that in a few days a formal consolidation of all the anti-Tammany organizations will be effected for the coming city election. Already the leaders of these organizations are in favor of running but one ticket against the Tammany ticket.

The address which the Reform delegates have issued concerning their actions at Rochester, meets with favorable comment. The delegates say, while their efforts were not wholly successful, they accomplished more than they anticipated.

The *Tribune* thinks the re-nomination of Champlain for Attorney General an evidence of Tweed's triumph at the Rochester Convention, and that the failure to nominate Charles O'Conor to that office cost the Democratic ticket ten thousand legal votes.

CHILDREN'S LABOR.

The New Jersey State School Commissioner will bring before the next Legislature a bill providing that no children under sixteen years of age shall be permitted to work in the factories unless they have attended school three months in a year. In no case will they be allowed to work more than forty eight hours per week.

POST OFFICE INEFFICIENCY.

There are many complaints against the management of the Post Office. Postmaster Jones seems to disregard the charges of negligence or inefficiency which have been brought against his employes. The distribution of the mails is badly managed, but it is said unless there is a reform in the matter inaugurated the business community will demand Jones' removal.

REMOVAL REQUESTED.

It is reported on good authority that the Great Republican State Central Committee have passed resolutions calling for the removal of Murphy from the Collectorship, and requesting the appointment of Gen. Chester D Arthur.

KU KLUX.

Eight members of the Ku Klux from North Carolina were on Saturday placed in the Albany penitentiary.

THE INTERNATIONALS.

The International Society yesterday addressed a protest to the Central Committee against the illegal arrest of an American citizen in June last while on board the steamship Ville De Paris.

THE
Diamond on the Hearth.
A NOVEL.
BY MARIAN JAMES.
1 vol., 8vo. Paper covers. Price, 50 cents.
A leading critical journal remarked lately that the English Novels recently reprinted by D. Appleton & Co. represented a new school of fiction, in which the stories were, at the same time, interesting and pure, the moral tone high, and the literary execution powerful. The "Diamond on the Hearth" belongs to this class, of which it is one of the most successful specimens.

STANTON AND BEATH.

VOTE to save the State to-day.

"THE CAUSE is not lost."—JEFF. DAVIS.

"REPUBLICAN processions ought to be stopped"—Blackmore.

WHY does the *Post* repudiate the brave soldier Captain Cooper?

PAY no attention to the rumors circulated on the eve of election.

ONE vote elected a governor of Massachusetts not many years ago.

TURN a deaf ear to any Democrat asking for a complimentary vote.

"Who is the smartest man in Pittsburgh?" Jim Parr! J. Roth.

TAMMANY sustains Evans and shelters him from the clutches of the law.

BOSS TWEED, ten years ago was bankrupt; now he is worth forty millions.

BARR'S ROOSTERS look sick. Stow them away; to-day's work will finish them.

WATCH for the man who boasted that he had voted five times at the election.

DEMOCRACY charges New York, $1,400-000, for what should cost only $92,000.

"WE will fight you again sooner than you expect." TOOMBS.

"I WILL never acknowledge defeat, or that my cause is lost. JEFF. DAVIS.

WHO are the repeaters? Let the Democratic (*attache*) editor of the *Post* answer.

"THE Democratic Party is the free-trade party—*N. Y. World*, (Democratic.)

THE *Post* dares not deny that it would support Jeff. Davis or Stephens for President.

GIVE us a full vote and we will carry the whole ticket, by an increased majority.

REPUBLICANISM means peace; Democracy, civil discord, and violence throughout the South.

THE *attache* who furnishes the brains for the *Post*, is the author of the beautiful sentiments found therein.

FOR the honor of Pittsburgh defeat the man who stated that the soldiers in the field had no right to vote.

THE COLORED VOTERS, we are proud to announce, will stand by the party which has always stood by them.

YORK, Berks and Schuylkill counties, all Democratic, have reform candidates, and complain that Democracay has ruined them.

A DEMOCRATIC New York judge has insulted Pennsylvania, by refusing to endorse Govenor Geary's requisition for Evans.

THE *Post* gives up the contest for State officers, but hopes to elect the man who declared that the soldiers in the field had no right to a vote.

HOW have the mighty fallen. Barr's chickens airing themselves over an election in Texas—How about Maine, California, New Hampshire and Kentucky?

THE Wood street game cocks had been so long silent, that Barr had to wind them up, and sing to them, "Crow, Chanticleer, crow," before he could get them to toot.

THE *Post's* Roosters tooted yesterday over the Ku-Klux elections of Texas. They were roosting high last week, and did not hear the news of the Connecticut election.

WE shall keep our office open up to four o'clock Wednesday morning for the reception of the returns. Will our friends greatly oblige us by sending the lists as early as possible?

INCREASE in the debt of New York in two and a half years, under Democratic rule, $60,000,000. Decrease in the National debt under Republican rule in the same time, $250,000,000.

WE congratulate General Fitzhugh upon his prowess as a disciple of Nimrod. It was no slight thing to shoot the first buffalo, win the cup, and kill the largest elk, when his companions were all mighty hunters.

VOTE among the first to-day.

LET every citizen who loves his country, vote to-day. This is the preliminary skirmish which precedes the great battle for the control of the government in 1872. "As goes Pennsylvania, so goes the Union;" let us to-day strengthen the hearts of our brethern in New York, and the great West, by giving an increased majority for the party of peace, progress and prosperity. Let us say to traitors and and their northern friends—"Not Yet."

"WE want no loyal votes cast for Democracy."—*N. Y. Citizen*, (Democratic.)

THE New York authorities, contrary to our anticipations have concluded to hand the defaulter Mr. George O. Evans, over to the Pennsylvania authorities for trial. Now that he has been delivered up we hope he will be tried at once. An example is needed and we hope if Mr. Evans be found guilty that he will be made restore the funds he has wrongly appropriated and besides be subjected to rigid punishment. Thus far he has hidden under the ample folds of the Tammany skirts, but it seems that at length he will be brought to justice.

"The Orange Processions ought to be stopped"—*Hall, Democratic Mayor of New York.*

WHEN the people of this State were called upon to vote, yes, or no, on the amendment to the Constitution giving soldiers the right to vote, there were nine votes against it in the Second ward, Pittsburgh. *One of these was the vote of James Irvin*, the Democratic candidate for Assembly from the First District, and the fact was so proclaimed at the time. No comment is needed. Soldiers, sailors, Republicans of every color, is this the man you desire to represent you from loyal old Pittsburgh? Answer to-day by depositing your ballot for James Taylor, the regular Union Republican candidate.

VOTE the straight ticket to-day.

MOHAMMEDANISM is, it is said, making great strides in India. The followers of the prophet of Mecca are conducting a revival of gigantic proportions, and are reaping a harvest enormous in its extent. Before the priests and doctrines of Islam all the other religions of India are bending and breaking, so that, to close and and thoroughly informed observers, there is a fair prospect that ere long Allah and his prophet will be acknowledged throughout the whole of that great country. There is something humiliating in this to the Christian who has been regarding his missionaries as certain of ultimate succcess in that far country. Either Mussulmen missionaries must word harder, be more in earnest or teach doctrines which are more acceptable to the Hindoo people. In fact, a recent English writer considers that he does all of these things. He says the Mohammedans are visibly in earnest, entirely believe what they teach, are of the same color as the people whom they seek to comfort, possess all the oriental peculiarities, talk the different native patois, stand on the same plane of civilization and teach doctrines which are far more in accordance with oriental ideas of morality, than are those of Christ, after they have been formed upon a model seen through western spectacles.

VOTE the ticket as you find it at the head of this column. Do not cut or scratch it.

EVANS ARRESTED.

State agent George O. Evans is now under arrest at Harrisburg. Judge McCunn decided yesterday to dismiss the application for a writ of *habeas corpus*, and handed the prisoner over to the State authorities of Pennsylvania. It is hinted that Evans is not alone in the transaction and if this be so, let every one connected with it be exposed and punished. His arrest has been wholly owing to the indefatigable efforts of State Treasurer Hon. Robert W. Mackey, and Auditor General John F. Hartranft, who have been in pursuit of the fleeing delinquent ever since the defalcation was discovered.

PAY NO ATTENTION to the base and malicious fabrications issued on the eve of election.

CHICAGO FIRE.

There are few cities but are frequently subjected to the wasting and devastating conflagration. The "Great Fire" of London, which burst forth on September 2d, 1666, and swept in a career of demon-like fury for three days and three nights, destroyed eighty-nine churches, among which was the famous St. Paul's, the Royal Exchange, Zion College, the Guildhall, Custom House, and many other public buildings, and no less than 13,200 houses. It laid waste 400 streets, and was only arrested in its progress by the blowing up of houses which lay in its path. The city of Liverpool was visited with a fearful conflagration some thirty or thirty-five years ago, which destroyed a large amount of most valuable property. The cities of our own country have frequently suffered from the ravages of the devouring element. In 1835 there were 600 warehouses destroyed in the city of New York, and property amounting to $20,000,000. In 1839, forty-six buildings were destroyed, and property amounting to $10,000,000. And again on July 19th, 1845, three hundred and two stores and dwelling houses fell a prey to the destructive element, and property valued at $6,000,000. In 1836 the city of Washington was visited with a fire which involved in ruin the General Postoffice and Patent Office, and consumed 10,000 valuable models and drawings. A fire broke out in Philadelphia in 1839 which reduced fifty-two buildings to ashes, being a loss to the owners of half a million of dollars. Three hundred houses were destroyed by fire in the same city on the 9th of July, 1850. In August 1849 twenty-four acres were burned over in the city of Albany, 600 buildings were destroyed, besides a number steamboats, the loss amounting to $3,000,000.

In 1849 there were twenty-three steamboats and fifteen blocks of houses destroyed in St. Louis, the value of the whole being about three millions of dollars. At Brooklyn two hundred houses were destroyed on September 9th, 1848, the loss being about $800,000. Our own city of Pittsburgh suffered from the destructive agent on the 10th of April, 1845, to the extent of 1,000 buildings, and a loss of property estimated at $6,000,900.

At Quebec, Canada, 1,500 houses were burnt, and a vast amount of property was consumed on the 28th of May, 1845. One month afterwards 1,300 buildings were destroyed in the same city, which in all amounted to two-thirds of the whole. On the 14th of June, in the following year, the Theatre Royal of the same city was destroyed by fire, and forty-seven persons perished in the flames. And on the 12th of June in the same year (1846) nearly the whole city of St. John's, Newfoundland, was destroyed by fire, and 6,000 people were rendered houseless.

We need not refer to other more recent conflagrations, such as that at Portland, Maine, Oil City, and many other places, all of which are fresh in the memory of our readers.

One of the most destructive conflagrations which it has been our painful duty to chronicle is that which broke out in the city of Chicago, Illinois, on Sunday night, the 8th inst., at ten o'clock, and which at this writing is still raging. Last evening the telegraph brought us the sickening intelligence that ten thousand houses were laid in ruins, men, women and children were starving for lack of food, and undergoing great suffering for want of necessary clothing. We have no heart to dwell on the heart-rending scene. Deeds, and not words are needed now. We are glad to see that our City Councils at their regular monthly meeting yesterday took the matter into deliberate consideration, and that our citizens with only an hour's notice, promptly answered to the call of the Mayor and assembled in large numbers in City Hall to express their sympathy with the suffering people of Chicago. It is to be hoped that the committee appointed to raise funds for the sufferers will meet with that success which the urgency and importance of the case demand. But of this we have no doubt. Their success is guaranteed by the fact that the meeting subscribed sixteen thousand dollars on the spot, and pledged themselves to render every assistance in their power to alleviate the sufferings of the people of the ill fated city.

It is unfortunate at this time that our city charter, like others, expressly prohibits the increase of the municipal debt, without Legislative authority, and for this reason Pittsburgh as a corporate body will perhaps not be able to add to the list of contributions. However, the Councils have pledged the city to a donation of one hundred thousand dollars, and authorized the Sollicitor to prepare a law to be enacted, legalizing the issue of bonds to that amount. In such case cannot our banks advance this sum, to be reimbursed by the city, when the authority is obtained? The money is sadly needed NOW, and the donation certainly will meet with unanimous approval. Let Pittsburgh not be backward for the sake of her good name.

REPUBLICAN CHALLENGERS, be on your guard for the editor of the *Post*, who boasted that he had voted FIVE times at the last primary election.

DEMOCRACY CONFESSES.

Below we give the correspondence which passed recently between some prominent and influential Democrats of North Carolina and Judge Hugh L. Bond, United States Circuit Court, who is now engaged in trying the Ku-Klux cases in that State. A little while ago the Democratic press throughout the country ridiculed the charge that such an order as the Ku-Klux existed in the South. After five hundred of its members have been indicted by the Grand Jury, and sixty or more of them have been tried, convicted and sentenced, many of whom confessed their guilt, a committee of their Democratic friends now address Judge Bond and ask him to postpone further trials, promising that the band of assassins shall be dissolved, and that their acts of diabolism, murder and arson shall cease. We are glad to find that the Judge refuses to comply with their modest request, and declares that the trials shall go on.

Democracy can no longer deny the existence of this terrible order of desperadoes, which the brave Judge has succeeded in exposing, and some who were disposed to find fault with the Congressional law under which these villains have been brought to justice, can now recall their hasty judgment. We owed this much at least, to the Unionists of the South, and if we shall be enabled, through its wise and temperate, though stern provisions to rid the country of this wretched band of outlaws, a good work will have been accomplished. Well may their friends tremble at the frowns of outraged justice and endeavor to stay the blow which is sure to be inflicted on the guilty. Read the correspondence:

LETTER OF THE NORTH CAROLINA DEMOCRATS.

RALEIGH, N. C., Sept. 30, 1871.

Hon. H. L. Bond, Judge of the United States Circuit:

SIR: We have the honor, in the interest of the peace of the people of North Carolina to address you this note.

The fact that a secret, unlawful organization, called the Ku-Klux or Invisible Empire, exists in certain parts of the State has been manifested in the recent trials before the court over which you preside. We condemn, without reservation, all such organizations. We denounce them as dangerous to good government, and we regard it as the eminent duty of all good citizens to suppress them. No right-minded men in North Carolina can palliate or deny the crimes committed by these organizations, but we think if the further prosecution of the persons charged with these offences was continued until the November term, it would enable us to enlist all law-loving citizens of the State to make an energetic and effectual effort for the restoration of good order. We assure you that before the November term of the Circuit Court, we believe that this unlawful organization will be effectually suppressed.

In presenting these considerations to your Honor, we declare that it is our duty and purpose to exert all the influence we possess and use all the means in our power to absolutely suppress this organization and to secure a lasting and permanent peace to the State. The laws of the country must and shall be vindicated. We are satisfied and give the assurance that the people of North Carolina will unite in arresting and for ever obliterating an evil which brings nothing but calamity to the State. In the name of a just and honorable people and by all the considerations which appeal to good men, we solemnly protest that these violations of law and public justice must and shall cease. We have the honor to be, &c., yours, &c.,

Thomas Bragg,	William M. Ship,
George V. Strong,	M. W. Ransom,

REPLY OF JUDGE BOND.

RALEIGH, N. C., Oct. 2, 1871.

GENTLEMEN:—I have the honor to acknowledge, at the hands of his Excellency Governor Caldwell, the receipt of your letter, asking me to postpone the trials of the cases now pending in the Circuit Court, under the enforcement act. I have given your letter the long and careful consideration to which your eminent position in North Carolina, and the importance of the subject to which it relates, entitle it; but I am unable to comply with your request. These cases are very numerous, and if not tried now, will at our next term so encumber the docket as to obstruct all civil business. The city is full of witnesses summoned from long distances, who have remained here for several weeks at large cost, and it would be a great hardship to make them return here again, and it would be unjust for me to send them home unless I knew they could return with the same feeling of personal security that I myself should have on my own return home. This I do not know, and though you give me assurances that before the next term of the Circuit Court, "the Invisible Empire" shall be effectually suppressed, it is not suppressed now, and I feel that the enforcement of the law should continue. I have come to this conclusion with less reluctance, because I am sure gentlemen who are so sincere in their desire to relieve North Carolina of this disgraceful and infamous association will not remit their labors to suppress it, as they assure me they have the power to do so, because the court sits a week or two longer to assist them in their undertaking. I am glad to hear from you that the recent trials have manifested that this secret unlawful organization exists in some parts of North Carolina. It cannot but aid you in your effort to suppress it, to point out by these trials to you who are the guilty persons who compose it. I hope, gentlemen, you will agree with me that it is best to do so.

With great respect, I beg to remain yours, very respectfully,

HUGH L. BOND,
Judge U. S. Circuit Court.

NATURALIZED CITIZENS, take your papers with you to the polls. The precaution will save time and trouble.

MR. DILWORTH EXPLAINS.

PITTSBURGH, October 9, 1871.

EDITORS GAZETTE: In the *Volksblatt* of this date is an affidavit of Mr. J. H. Dippold, stating that I once said that a negro was better than any Dutchman or Irishman. What I did say was in substance this: I told Mr. Dippold that the negroes were loyal and that he was not; that he was a copperhead, and when he said to me that he supposed I thought a negro was better than a white man, I told him that "a loyal negro was better than he." This conversation occurred about the time our brave boys had suffered a defeat at the hands of the rebels.

JOSEPH DILWORTH.

"THE fourteenth and fifteenth amendments having been adopted by force are NULL and VOID."—ALECK STEPHENS.

PENNSYLVANIA, PITTSBURGH, AND THE WEST.

EDITORS GAZETTE.—Permit a western Republican, who has the honor of residing in a Congressional district that was never yet, and probably will not be represented in Congress by any free-trader, to state the fact, that, throughout the entire west and northwest, where the agrarian doctrines of free-trade Democracy have spent their force and become measurably impotent for mischief, the people are now, more than ever, intimately identified with Pennsylvania, and with Pittsburgh as its manufacturing stronghold, not only in political sentiment and action, involving principles of vital importance to the existence and perpetuity of good government, but in respect to the material interests of all sections of our common country, which are not in antagonism, but, in mutual dependence and reciprocal benefits, inclined to affiliate and harmonize in efforts for the general welfare. The west now begins to comprehend the fact that its development is contingent upon immigration, seeking the largest remuneration for agricultural and skilled labor; and that the nearer the workshops and the farms can be brought together, the greater is the value of all agricultural products and manufactures, by saving the cost of transportation, between the interior of two continents, of articles and commodities that can be produced and exchanged at home, without the expensive intervention of land and ocean carriers, and of the middle men of the American and European sea ports, who depend upon foreign commerce, and who are invariably opposed to the progress and development of American manufactures. The oppressive item of transportation, alone, is, of itself, sufficient to demonstrate the fallacy of subjecting the exchange of American agricultural products and manufactured commodities, to the expense of transfer to and from European markets, when such exchange can be more advantageously effected at home. It is obvious to all that the pernicious doctrines of free-trade, for America, which are boldly espoused by every disloyal man in this country, and as strongly urged by every unfriendly community and interest in foreign countries, have for their object and result, practically and logically, the establishment of a common level or standard for the value of labor in America and Europe, on the basis of International Agrarianism.

Such being the fact, there would be no inducement or incentive for farmers or mechanics or laborers to migrate from Europe to America. Now, the point of culmination is this. Can the people of Pittsburgh or of Pennsylvania afford, by any vote, either for city, county or State officers, to allow the impression to go abroad that the Republican party, which has saved this country from destruction, and which has encouraged immigration from foreign countries, by offering free homesteads to the farmers, and by encouraging such a commercial system as would give our mechanics the benefits and control of American markets, has, either by apathy, by confusion or by strategy, been compelled to "take the back track" or to "take back seats," and thus allow the enemies at home and abroad, to exult over the defeat or apparent weakness of the Republican party, which should now, in Pennsylvania, more than in any other Commonwealth, be in glorious and invincible ascendency?

Certainly not, unless the manufacturers of Pennsylvania would have the agriculturists of the West disheartened by the impression that "split-tickets" of a local or personal nature, are regarded of more importance than an emphatic, united and decisive declaration of fidelity to the sound and just principles of the great national Republican union party, whose mission should be to develop the patriotic sentiment that was recently so happily expressed in Pittsburgh by our excellent President;" *viz:*

"I hope the time will soon come when the wants of the whole country will be supplied by the products of home industry."

Respectfully yours.
CHARLES SEYMOUR,
La Crosse (Wis.) *Republican.*

MR. T. K. CREE, who is out among the hostile Indians, writes: "We ain't uneasy about our scalp locks, although the reports from the country we may go into are terrible." It is very evident that Mr. Cree wears a wig.—*Louisville Courier Journal.*

VICTOR EMMANUEL has knighted a tinman. His name is Giacinto Ottino, and he is described as being "a man of genius." He invents the shapes for the illuminations—mainly cut out of tin, which support lights and represent all manner of objects, such as eagles, lions, water-spouts, crowns and so on. This is thought to be the first instance wherein a "candle-stick maker" has achieved such a distinction.

Dr. KEYSER ON THE LUNGS.

Dr. Keyser has written a pamphlet of thirty-two pages, in which he discusses the entire curability of Consumption and diseases of the lungs, with certificates of cure, by means of his treatment and Dr. KEYSER'S LUNG CURE, a medicine which acts specifically in all the earlier stages of lung maladies. The pamphlet will be sent free of cost to any one who may write or send for it. Dr. Keyser in his management of Consumption pursues the tonic and strengthening course, having been long since persuaded that any other is worse than useless. He can tell with singular accuracy the exact condition of the lung and the extent of their diseased action, and when not too far gone can effect a cure. Dr. Keyser's Lung Cure has already effected some of the most surprising cures of people who reside in this city—cures, too, where almost hope itself had fled. It is important in these lung sicknesses to begin early. A bottle or two in the beginning will cure disease which if allowed to go on, would take a dozen or two. The Lung Cure can be had at the Doctor's Great Medicine Store, 167 Liberty street, at $1.50 per bottle or four bottles taken at one time for $5. Sent by express where your druggist does not keep it. Dr. Keyser's Medical Office, 167 Liberty street, from 10 A. M. until 1 P. M., and from 3 until 6 P. M., and on Saturday at night.

DRUG STORE,
Corner of Penn and Sixth (old St. Clair) streets.

Help! help! cries the blood, I am impure. I know it, says the skin, for I am covered with blotches, pimples and sores. Bring up the Samaritan's Root and Herb Juices.

THE WARNING HAS BEEN HEEDED.

Since the exposure of the attempts made by certain unscrupulous local dealers, to palm off their coarse astringents, made from cheap and impure materials, in the place of the great national tonic, Hostetter's Stomach Bitters, public opinion has set strongly against these empirics and their preparations. Their occupation is gone, or soon will be. When the light is let into deception it soon wilts down. Persons who trifle with their own health, by using unknown preparations, with no guarantee to sustain them, when an established specific, proven by twenty years experience to be exactly what it is claimed to be, is within their reach, are sure to repent their temerity. Many have done so in this instance, but it is hoped that the truth plainly spoken has arrested this evil. In the meantime the demand for the leading protective and restorative medicine of America was never so great as it has been this season. From the fever and ague districts of the West, South-west, and South, it is literally overwhelming, and it may be said of the advices from all parts of the country of the cures it is effecting in dyspepsia, bilious complaints, and chronic constipation, that "their name is legion." Everywhere the sick and feeble seem to have realized the importance of "holding fast that which is good" and of avoiding what is spurious and dangerous.

CONVERTING
U.S. Five-Twenties

Messrs. JAY COOKE & CO. have issued the following financial circular relative to the general conditions of the loan market, and the exchanging of Government bonds for Railroad securities:

OFFICE OF JAY COOKE & CO.,
PHILADELPHIA, September, 1871.

The signal success of the New Five Per Cent. Government Loan foreshadows the early funding of the entire debt at a less rate than 6 per cent., and indicates that the average rate of interest on loanable capital in this country will henceforward be considerably lower than it has been, the tendency being to an equalization of rates between America and Europe.

In view of these facts, the present holders of United States Five-Twenties must decide whether it is not best to make *at once* such a change of investment as will enable them to realize as *profit*, or add to their capital, the present average premium of 14 per cent. on Five-Twenties, while at the same time largely increasing their annual income.

Holders of Five-Twenties of the issues of 1862 which, under the recent announcement of the Secretary of the Treasury, will be paid off in December next, have special and immediate reason to consider the question of conversion, unless they wish to receive coin for their Five-Twenties, or exchange them at par for bonds of the new issue, bearing an average rate of 4½ per cent.

To all holders of United States securities who wish to take advantage of the present most favorable opportunity for changing their investment at a large profit we strongly recommend Northern Pacific Seven-Thirties (principal and interest payable in gold,) now selling at par in currency. The results already accomplished in the construction and equipment of nearly Three Hundred Miles of road, and the rapid development of the adjacent country, have established the permanency and success of the Northern Pacific enterprise, and created a large and rapidly increasing demand for the First Mortgage Bonds of the Company. With their high rate of interest, ample security, and their convertability into the Lands of the Company at 10 per cent. premium, they constitute a most desirable investment, and can hardly fail to advance considerably above par at an early day.

The holder of a $1000 Five-Twenty bond who exchanges it *now* for Northern Pacifics, thereby increases his principal by 14 per cent., receiving $1140 in Northern Pacifics for $1000 in Five-Twenties. He also permanently increases the yearly interest income on his investment more than 38 per cent., or from $60.00 in gold to $83.22 in gold.

Funds invested in Five-Twenties at their present premium, yield 5½ per cent. interest in gold or 5 9-10 in currency. Northern Pacific Seven-Thirties yield 7 3-10 per cent. in gold or 8½ in currency.

These most unusual opportunities for the profitable conversion of Government Bonds into Corporate Securities of undoubted reliability, cannot, in the nature of the case, long continue. The increasing abundance of loanable capital both at home and abroad; the almost certain rise in value of all desirable railroad mortgages, the rapid absorption of Northern Pacific Seven-Thirties and the probable early substitution of a six per cent. bond for the remainder of the Northern Pacific loan, and the early funding of the remainder of the National Debt at lower rates, promise very soon to change the entire aspect of the loan market, which is just now so peculiarly favorable to investors.

This state of things suggests *prompt action* on the part of those who wish to exchange securities in time to profit by the present high premium on Five-Twenties.

The North Pacific Railroad Bonds will be furnished to purchasers for cash or in exchange for Government Bonds and all other marketable stocks and bonds at their highest market value by Banks and Bankers generally, and by the following named Banks and Bankers of Pittsburgh, viz:

Finance and Trade.

NEW YORK, October 9, 1871.

The great fire in Chicago has caused a general panic in Wall street, and gold declined to 113¾ on a sale of about $4,000,000 by one firm. Loans were made at from 3 to 7 per cent. for carrying. Clearances $56,000,000. Governments shared the general depression and declined from ⅛ to 1 per cent. The decline was principally on 5 20s for January and July. The market closed heavy. The stock market started off heavy, but no important decline was effected until on the first call, when dispatches from Chicago began to be alarming, and the market broke amid great excitement from 1 to 10 per cent. Late in the day there was a slight rally, but the market soon gave way again. Western shares led in the decline. Lake Shore declined from 106⅜ to 95½; Western Union Telegraph from 66⅜ to 57½; N. Y. Central from 92½ to 86; Northwestern from 69⅜ to 63; do preferred from 90⅜ to 86¼; Rock Island from 109⅜ to 99⅜—a 4 per cent dividend, which makes it about 103⅜; sales of Wabash and Ohio off from 3 to 6 per cent.; Hannibal and St. Joseph from 63⅜ to 56. The market at the close assumed a little steadier tone and there was a recovery of ⅜ to 1 per cent. from the lowest point. The *Post* says: "The heavy decline to-day, it is believed, will cause the failure of the weaker class of holders, and unless the market is rallied up to-morrow before two o'clock or the time when the deliveries are made, it is likely that failures will be numerous. One small failure was reported this afternoon." After two o'clock there was a sharp demand for money, and it was difficult to obtain at any price. Seven per cent. gold was paid, then 1-32, then 1-16 and then ⅛ of one per cent. until to-morrow. The closing rate was 1-32 bid, that is among stock brokers. State bonds are neglected and prices are nominal.

The following prices are as near to the market as could be obtained at 5 P. M.:

Sterling Exchange 109½.

GOVERNMENTS.—Coupons of 1881, 117⅜; 5-20's 62, 115⅜; do '64, 115½; do '65, 115⅜; do new 113⅞; do '67, 113⅞; do '68, 114; 10-40s, 111⅜; currency 6s, 114⅜.

STATE BONDS.—Mississippi, 96; Tennessee, old, 66; new, 65½; Virginia new, 68; do old, 60; North Carolina old, 41; do new, 23.

—The Buffalo *Commercial* says while there is not much doubt but what there is a large shortage in some parts of Europe, that it does not follow that this shortage must be supplied from this country. Our grain trade is dependent upon so many influences that it is totally impossible to give an intelligent opinion in regard to the future of the market. If it becomes certain that a large foreign demand will take place, combinations will be formed to force up the prices of grain and the rate of freight. This may be done to such an extent that foreign dealers will be able to operate to better advantage in other countries. If the law of supply and demand is allowed to govern the market it is quite probable that, for the coming year, we shall enjoy a good trade. The condition of the markets, however, will depend entirely on the number of corners that may be formed.

—The Chicago *Tribune* says: A calculation based on the average prices of this morning shows that there was a margin of 7c per bu against the shipper on wheat to Liverpool, and ⅛c per bu in his favor on the shipment of corn. These differences would be about the same for the whole day, as the subsequent advance in grain was compensated by the decline in freights.

PITTSBURGH MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
MONDAY, October 9, 1871. }

ASHES—Common Soda ash, 4 cts; refined do, 4⅜@4½; Pearls, 9⅜; Pots, 7⅜; Nitrate Soda, 4⅜@4½.

BEESWAX—Quoted at 30@33c.

BEANS—Prime Navy quoted at $2,00@2,25 per bushel.

BUTTER—With continued large receipts and a supply largely in excess of present requirements, the market is very dull and prices are weak and drooping. Prime to choice roll, 20@21. Private advices from Philadelphia report that market as being very dull, and prices are no higher than here. Many of our commission men, who have large stocks of common butter on hand, don't know what to do with it; there is no inquiry for it here, and it is not wanted in the east.

BROOM CORN—Is quoted steady at 5@7 cts.

CANNED FRUITS—Trade is reported fair but the market in a general way presents nothing new or important.

CIDER—The receipts continue light for the season, and the market is quiet and unchanged, $6@8 per bbl, as to quality.

CHESTNUTS—Continue to come in freely, and, with a supply considerably in excess of the demand, prices are weak and drooping; we now quote at $4,50@5,00 per bushel.

CRANBERRIES—Sales of ordinary at $10@11 per bbl. Sackett's Belle Berries, $17@18.

CHEESE—Is steady, although less excited, and the demand is hardly so active. New York Goshen, 15⅜@16; Ohio Goshen; 15@15⅜; Factory, 14@14⅜; Dairy, 13@13⅜.

CARBON OIL—Standard brand in car load lots, may be quoted at 23 cts, though some refiners allege that it cannot be made for that figure, taking the present price of crude as a basis.

COUNTRY MEAT—There is rather more inquiry, and the stock in this market is very light. Country Lard unchanged at 8⅜@9.

CORN MEAL—Is very quiet and the demand is mainly of a retail character; may be quoted in small lots at 85@90 cts per bushel.

CEMENT—Louisville, $2,50@3,00 per bbl. Rosendale, $4,00@4,50; Calcined Plaster, $4,25@4,50.

DRIED FRUIT—There is a steady demand for Peaches (prime halves) and prices are firm but unchanged; may be fairly quoted at 9⅜@10. Quarters, 7@7⅜. Apples—market bare. Blackberries, 12@14.

EGGS—There is a continued good demand, and, while the receipts, if anything, are increasing, prices are well maintained—fresh may be fairly quoted at 28.

FRUITS—Apples continue to come in freely, but, with a steady demand, prices are well maintained, $2,50@3,00 per bbl for fair to good, and $3 25@3,50 for choice.

FLOUR—Is reported dull and weak in both New York and Chicago, and, as is well known, the course of these markets has considerable to do with the course of our own; while the feeling is not as strong as it was a week or ten days ago, and the impression is gaining ground that for the present, at least, the top has been touched, and a further advance is not probable, there is no change whatever in quotations; $7 for good spring extras; $7,50 for choice Minnesota baker's flour, and $7,00@7,25 for good to choice red winter wheat.

GRAIN—The grain markets were somewhat excited to-day, in consequence of the vast amount of grain destroyed at Chicago by the conflagration, and operators are disposed for the present to hold back, in order to ascertain what effect it will leave upon prices. That there must have been an immense quantity of grain consumed by the fire is certain, as the elevators were all reported full to overflowing—estimated in the aggregate, prior to the fire, at between 5,000,000 and 6,000,000 bushels. It is probable that Barley, Oats and Rye will be more effected in our market than either Wheat or Corn, as Pittsburgh has been drawing on that place of late more largely for the former than the latter, though it is likely that for a time at least, the markets for all kinds of grain not only here, but all over the country, will be considerably effected thereby, and that higher prices will prevail.

GROCERIES—Coffee—The market is booming high, with every prospect of Rio coffee going to 20c gold, for invoices in New York and Baltimore. Stocks are light and holders command the situation—forcing buyers to take their goods at the extreme advance of 1c per lb which has obtained since our last general report. The stock in Brazil is about 300,000 bags of old crops, with a deficiency in the present crop of 900,000 bags, as reported by the last steamer's news, which is only confirmation of the news of two months ago, when story of the failure of the crop was first noted. This failure of the crop is convincing proof that coffee will of itself rule high during the whole year, and causes us again to advise our country friends to lay in as large supplies at their means will enable them to purchase. Java higher, and all other descriptions buoyant at our revised figures. Sugars—weak, at a decline of ⅛c per lb since our report of the 3d inst; but we predict that a better feeling will prevail and that an advance will take place before the close of the week for refined goods. The market prices of to-day favor buyers. Syrups—stiff at another advance, and the finer qualities held as high as at the refineries.

SUGARS—Refined—Standard Hards, 13⅜; A. 13; B, 12⅞; Ex. C, 12⅝; C. Yellow, 12⅜. Porto Rico Sugars—Choice, 11⅜; Prime, 11; Good, 10⅜. Cuba Sugars, 10⅜@11. Demarara, 12⅜@12⅜. Sugar House Sugars—Knight's Extra C. Yellow, 11⅜; C. C. 11⅜; other grades, 9@11. New Orleans Sugars—None in market.

COFFEE—Fancy Rio, 22; Prime, 21; Good, 19; Fair, 19@19⅜. Java, 25@28. Laguayra, 19@20. Mocha, 45. Roasted Coffee, pure, 23@24. Lower grades, 20@21.

SYRUPS—Havemyer & Elder's, 75. White Honey, 75. Lovering's, 60. Durant's, 70. Brune's, 75; other grades, 48@60. New Orleans Molasses, 60@68.

RICE—Choice Carolina, 9⅜; Good, 9⅜; Fair, 8⅜. Rangoon, 8@8⅜. Patna, 8.

SPICES—Pepper, 22. Allspice, 18. Cassia, 50. Cloves, 20. Nutmegs, $1,30.

HONEY—Steady at 25@30 cts per lb.

HIDES—Green Salted, 10⅜@11⅜; Green Butcher's, 8; Dry Flint, 21@22; Green Calf Skins, 14@15; Green Salted Calf, 17@18.

HUSKS—Quoted at 2⅜@2⅜ cts.

HEMP—Quoted at $165 per ton.

HAY—The receipts both by rail and river, are fair fully sufficient to keep up the supply, and the market is quiet and unchanged; we continue to quote at $23@25 per ton, for good to prime baled.

LIME—Perrysburg white, $2,00@2,25 per bbl; Cleveland $2,25; Eastern, $1,75.

MILL FEED—Is quoted in a jobbing way, at $22@23 per ton for Brad; $24@26 for Seconds; $34@36 for Middlings, and $44@45 for Oil Meal.

ONIONS—We are reported sales at from $2,75@3,25 per bbl, according to quality.

OIL—No. 1 Lard Oil is quoted in a jobbing way at 75@78 cts—round lots 70@72. Prices, very irregular, and it is difficult to quote correctly.

POTATOES—There is a fair demand for Irish, and we can report sales, mostly in small lots, at 65@70 cts per bushel. The receipts of "Sweets" have fallen off considerably, but the supply is still fully up to the demand and prices remain unchanged; $2,50@3 00 per bbl, for Baltimore's, and $3,25@3,50 for Jerseys.

POULTRY—The receipts of live Chickens continue liberal, but prices are no lower, 45@50 cts per pair, by the coop.

PROVISIONS—Plain shoulders, 7⅜@7⅜; ribbed sides, 8@8⅜; short ribbed sides, 8⅜@8⅜; clear sides, 9@9⅜; sugar cured shoulders, 10@10⅜; Breakfast Bacon, 11@11⅜; sugar cured Hams, 16@17. Prime kettle Lard, in tcs, 10@10⅜. Canvassed Dried Beef, 18@18⅜. Mess Pork, $14@14⅜.

PEA NUTS—Steady at 12@13 cts.

RAGS—Sales, 4@4⅜ cts per lb.

SALT—Is quoted at $1,85, by the car load, and $2 in small lots.

SEEDS—Timothy Seed is dull and nominal at $3,00@3,25. Clover Seed, quiet and nominal at $6,75@7,00. Flaxseed unchanged at $1,80@1,85.

SUMAC—Sales Tennessee Sumac at 4⅜ cts.

WILLOWS—Quoted firm at 10 cts.

PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
MONDAY October 9, 1871. }

The petroleum trade was again very quiet to-day, and with the exception that the market was firmer, there is nothing particularly new or important. There was some inquiry mainly for this month, and we did hear that some sales had been made, but we did not obtain particulars. The Chicago conflagration was the main topic of discussion; money was being raised for the relief of the poor and suffering and business for the time being was entirely neglected.

CRUDE.

Reported firmer but very dull—not a single sale reported. Parker quoted at $4,67@4.70. Buyer all year offered at 12⅜@12⅜.

REFINED.

October, as compared with Saturday, a shade higher—sales reported at 24⅜. November, nominal at 24⅜; December, 24⅜.

OIL BARRELS.

Reported steady at Saturday's quotations.

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
MONDAY, October 9, 1871. }

Following shows the number of cattle on sale, the point from which they were shipped, and the names of the shippers:

S. Marks Bro, Indianapolis	4 cars
Willis Wood, Indianapolis	2 cars
Shomaker & Co., Bellaire	1 car
S. H. Cockins, Bridgeport	2 cars
Total	9 cars

HOGS.

P. M. Snyder, Orrville	1 car
A. J. Lawrence, Gallilee	1 car

CATTLE.

The number of cattle on sale to-day, although considerably short of last week, was nevertheless fully up to the demand, which is evident from the fact that there were several lots left over unsold. As will be seen, there were only 9 cars from the west, but add to this 8 loads driven over from the Central Yards, making 17 cars or about 330 head; and to this 388 driven in from the adjoining countries and we have in all 718 head, against 1,000 last week. It was generally expected, at the opening, as the supply was comparatively light, that the market would be better than it was last week, and some of the drovers, no doubt, flattered themselves with the idea that they would get back some of the money that they have been dropping during the past five or six weeks; however, the day had not advanced very far before they found out that their expectations would not be realized. The demand was comparatively light, most of the butchers having bought two week's supply last Monday, and consequently, any effort to spring prices, was simply foolish, and the drovers soon found this out; the butchers have been having it pretty much their own way for some time past, being able generally to buy at their own prices, and this, as a general thing, was the case to-day.

The quality of the cattle as a general thing was very common, the bulk of the offerings being of the common and medium grades; and for these prices, may have ruled even lower than last week; really good butchers stock was in comparatively light supply though the demand was fully satisfied, at about last week's prices, say 5⅜@6 for prime to extra, and 5@5⅜ for medium to good.

Greenwald & Kahn 57 medium to good Ohio stock sold 4@5⅜.

Keefer & Kraus reported 18 head of Ohio stock, at 4⅜@5 cts.

Louis Shamberg sold 20 head Green Co. stock, on commission, at 3⅜@5⅜.

Barnes & McKennan report 13 head Butler Co. steers, at 3,75@4.50.

Keefer & Beyer report 115 good to prime Green Co. stock, at 4@5 cts.

Flinner & Sheitemantle report 39 head of Butler Co. stock—12 unsold at 11 o'clock.

Thomas Robinson sold 18 head of Allegheny Co stock, at 4@4⅜.

Jas. Shaw sold 5 head of extra steers to Peter Fairley, at 5,6⅜.

Rothchilds & Zeigler report 38 head of fair Washington Co. stock at 3⅜@4⅜; 10 head prime Butler Co. stock, at 5@5⅜.

Jacob Lobman 10 head of common Washing-Co. stock, at 3⅜@4 cts.

Neeley & McMillan 13 head of mixed Washington Co. stock, at 3.63@5.30.

Jacob Shamberg 16 head of mixed stock, at 4@5 cts.

S. Marks & Bro. sold 3 loads of Indiana and Ohio stock, at 4@5⅜—one load left over.

Sadler, Havens & Co. sold 34 head of Washington Co. stock, at 3⅜@5⅜; 40 loads of Ohio cattle, at 3⅜@5⅜.

Jacob Needy sold 48 head of Ohio and Indiana, at 4@6.

M. Varner reports 42 head of Green Co. stock, at 3⅜@5⅜.

Sol Traurman repords 26 from Washington Co., at 4@5 cts—and one load from Ohio.

Holmes, Lafferty & Co. 4 head of western, at 3⅜@5—25 left over.

Carr & McAlister report 30 head of common to fair Ohio stock, at 4@5⅜.

Hazlewood & Blackstock report 50 head of mixed Ohio stock, at 3⅜@5⅜.

Peter Hartman reports 30 Washington Co. stock, at 4⅜@5.

Fred Hector sold 5 head of Ohio stock, at 4,25.

SHEEP AND LAMBS.

The number on sale to-day was again comparatively light, footing up about 1,500 head, the great proportion of which were from Butler Co.; the market was again sluggish, from which it is evident that the demand is falling off. A month ago, 2,000 and even 2,500 head were sold with apparently less difficulty than 1,500 can be worked off now, and that, too, at better prices; as we remarked in our last report, butchers generally are buying more hogs and a smaller number of sheep, and this is nearly always the case at this season of the year. Dealers allege that this class of stock is no cheaper in the country, and they also report that farmers generally are indifferent about selling. Sheep, as will be seen by reference to the report of sales, sold at from $2 per head to 5⅜ cts per lb, and lambs at $1.50@4.50.

M Humes, of Beaver Co, 110; sold sheep at $2,95 per head to 5⅜ cts per lb; lambs at an average of $3,25.

Neeley & Fairley, 120 from Armstrong Co; lambs at $2@4; sheep at $3@5.

Adam Eckert reports 70; lambs at $2@4; sheep at $2,75@5,00.

Barnes & McKennan wholesaled 135 sheep and lambs, to Stouffer, at $2,50@4.00.

John Young, 43 head of Butler Co. lambs at $3,25@4,25 per head; 40 head of sheep at $2,00@2.50.—"cheap John."

Flinner & Sheitemantle report 210; sold sheep at 4@5 cts per lb; lambs at $2,00@3,50.

R A Stouffer, of Butler Co, 102; sold sheep at $2@3; lambs at $1,50@4.00 per head.

P Bannon sold for Greenwood & Co, 100 sheep at $2,50@4,50; 17 lambs at $2,75@3,40.

R McCaslin reports 100 sheep at $3,00@4.50; 40 lambs at $2,50@3.50; 10 extra Canada lambs, to Chas Welde, at 5⅜ cts.

McNeese & Bingham, of Butler Co, report 310; sold lambs at $1,75@3,62; sheep at $2@5 per head.

HOGS.

We can report a fair retail trade at these Yards, and it is steadily increasing. Prices, however, are no better—hardly as good as last week. Quotations, in a retail way, may be given at 4⅜@5⅜.

Fred Hector sold 48 for Lawrence, to Herchenrother—mixed—at 4⅜; retailed about 100 head at 5@5⅜.

Jacob Rothchilds & Son report having retailed about 100 head at 4⅜@5⅜.

Emerick & Co. also retailed about their usual number at the above range of prices.

MISCELLANEOUS ITEMS.

The number of cattle coming in from Washington, Green, Butler and other adjoining counties, is unusually large, and, we are informed, there is a large number yet to come.

Jas. D. Ulery, of the firm of Keller & Ulery, stock dealers at East Liberty, is said to be one of the best shots about that place.

Jimmy Martin was about again to-day. He complained that he was unable to do anything in the bull business, as Alex. Greenwald had cleaned the market.

The Wm. Penn Hotel, of which Barney Grey is proprietor, is one of the oldest and best kept houses in Allegheny. It is well patronized by drovers and railroad men.

There is more business transacted at the Allegheny Yards now than there was prior to the establishing of the rival Yards at East Liberty.

S. W. Allerton, the "stock king," is said to have suffered heavily by the late fire at Chicago. We hear his loss placed at $55,000, on which there was no insurance—his policies had run out just a day or two before the fire, and had not been renewed.

MARKETS BY TELEGRAPH.

Foreign Markets.

LONDON, October 9.—Consols 92⅜. Money 92⅜@92⅜ on account. Bonds flat; 5-20s, '62, 92⅜; do '65, 92⅜; do '67, 91⅜; 10-40s, 89.

ANTWERP, October 9.—Petroleum 50.

LIVERPOOL, October 9.—Cotton easier; middling upland 9⅜d. Lard 47s 3d.

New York.

NEW YORK, October 9.—Cotton dull; middling upland 19⅜c. Flour firm; superfine western and State $6,40@6 80; common to good extra $7@7,20; good to choice $7,25@7,65; white western extra $7,65@8; St. Louis $7,35@9,25. Rye flour and corn meal quiet. Whisky heavy; sellers at 96c. Wheat active and advanced, on the Chicago fire; spring No 2, part to arrive, $1,56@1,58; winter red western $1,60@1,64; red Illinois $1,65. Rye, barley and malt steady. Dry Goods.

NEW YORK, October 9.—In consequence of the news from Chicago, business came to a stand still, and no change to observe in prices. Printing cloths firm and held at 8c for standard. This is owing mainly to the speculation of the large printers who are interested in the bolstering market. Heavy brown sheetings, weighing 2⅞ yards to a pound, are selling at 12⅜@13@13⅜c. Lyman brown cotton flannels are firm at 18c for F and G brands, and 19⅜c for bleached; Amoskeag and Lancaster ginghams 15c; American stripes 11⅜@12⅜c; Arasapa do 20⅜c; Irwin and Stinson's linseys 24⅜@35c; Park Mills do 22⅜@45c; printed delaines 20c, and best six cord imported spool cotton 80c for regular.

Live Stock.

NEW YORK, October 9.—Total beeves: 9,200, with 4,700 to-day, 162 cars at Communipaw, 115 at One Hundredth street, and 67 at Weehawken. Prime cattle not plenty and ⅛c lower; medium dull at ⅛c decline, while droves go slowly at 1c lower. The market is the hardest yet, much of the western stock selling at 9@9⅜c; some Illinois steers at 8⅜c; range is 6@12c, most sales at 9@10c, averaging 9⅜c; Texans 6⅜@7⅜c. Sheep and lambs: 32,600 for the week and 5,700 to-day. Market slow and lower for lambs, prime selling at 7c; and only extras at 7⅜c. Many sheep sell at 4⅜@5c. Hogs count 43,800 for the week and 9,200 to-day; market a little stronger again; live selling at 4⅜@5c, and dressed 6@7c.

PHILADELPHIA, October 9.—Beeves very dull and lower; sales of 3,000 extra Pennsylvania western steers at 6⅜@7⅜c; fair to good 5⅜@6c; common 4@5c per lb. Sheep: fair demand; rather lower sales of 15,000 at 4⅜@5⅜c per lb. Hogs unchanged; sales of 2,000 at $6,50@7,00.

New Orleans.

NEW ORLEANS, October 9.—Flour scarce; superfine $6.1; double extra $6,34@7.00; treble extra $7,25@7,50. Corn scarce and advanced; white mixed 84c; yellow 85c; white 85@86c. Oats 55@57c. Bran $1,25. Hay: prime $35; choice scarce, $36@36,50; poor held firm at $14,75; sales at $14,62. Bacon firm; shoulders 8⅜@8⅜c; clear rib 8⅜c; clear 9@9⅜c; choice hams 18⅜@19c. Lard scarce; tierce 10⅜c; half keg 12@12⅜c. Sugar none. Molasses: sales new syrup 55@75c. Whisky 98c@$1,08. Coffee: prime 17⅜@17⅜c. Cotton easy: sales of 900 bales; good ordinary 17⅜@18⅜c; low middling 16⅜@19⅜; middlings 19⅜@19⅜c; receipts 2,219; exports to New York 3,468; stock 24,526.

Louisville.

LOUISVILLE, October 9.—Tobacco: sales today very light; prices unchanged. Bagging quiet and steady. Cotton quiet and steady; middling 19⅜c. Flour quiet and steady; extra family $6,50. Grain quiet and firm; wheat $1,40@1,50; corn 50@55c; oats 37@38c; rye 75c, all on arrival. Provisions quiet and steady. Pork: mess $13@13,50. Bacon: shoulders 7⅜c; sides clear rib 7⅜c; do clear 8c for packed. Hams: sugar cured 16⅜c; do plain 15⅜c. Lard 9⅜@11c. Whisky 94c. But little business was transacted to-day on account of the Chicago fire.

Cincinnati.

CINCINNATI, October 9.—Business is partially suspended owing to the excitement growing out of the great fire at Chicago. Nothing was done on 'Change but receiving subscriptions for the sufferers. Mess Pork was in good demand at $13,00. Lard 9⅜c. Bulk meats: 6⅜@6⅜c for shoulders and sides, and 7c for clear rib, and clear sides 8c. Bacon held firmly; 7⅜c for shoulders, 7⅜c for sides clear rib and 8⅜c for clear; hams 16@17c. Flour and wheat firm at full rates. Corn 53⅜@54c.

NOW READY.
BAUMBACH'S NEW COLLECTION OF
SACRED MUSIC.
A large quarto volume of 219 pages, suitable for quartette or chorus choirs. Its table of contents comprise contributions from the most eminent American Composers of Church Music, gems from the works of the great masters, and the choicest compositions of the author. The whole forms the most complete and desirable collection of sacred music extant. The work is equally well adapted for use in all Protestant denominations. Mr. Baumbach has devoted to the preparation of this book the best years of his life. He intends it to be his last work of this class, and, therefore, has spared no pains to make it worthy of a permanent place in all first-class choirs. Price, bound in cloth, $3; boards, $2.50. Copies mailed prepaid on receipt of price. Published by

RIVER NEWS.

The river has undergone little or no change at this point for several days. Weather clear and pleasant; indications for rain are not very encouraging, and the prospects for a rise in our rivers and a resumption of navigation are by no means encouraging.

Gen. Jas. S. Negley and Capts. R. C. Gray and J. T. Stockdale, who were appointed a committee to visit Washington to confer with the steamboat Supervisors, in regard to the new steamboat law, will probably leave for Washington to-morrow.

—A Memphis telegram, under date of Friday, says: Boats from above and below this morning report no steamers aground in either direction. Pilots report but 5⅜ feet over several places below here. Steamers should not load beyond that. White river has 3 feet on Little Island bar, 45 miles above its mouth, and 30 inches above Duvall's Bluff. Freights for Arkansas offer in excess of transportation facilities. The H. C. Yaeger passed down, drawing five feet eight inches. She will have to lighten over Reeves'. The towboat Kellogg got her tow over Reeves' and came up here to-day after the Mohawk's barge 7, recently injured and now repaired. Our harbor is crowded with steamers to-day, and the levee is covered with freight. The Mary E. Poe is coming up from below with a broken engine.

—Alf. D. Armstrong yesterday breathed his last, on the steamer Susie Silver, lying at this port, of which steamer he was chief clerk. His disease was intermittent fever and inflammation of the bowels. He was a Mason, and that body will bury the remains of the deceased to-morrow. Alf. Armstrong was a popular officer, and many regrets will be felt at his early death. He came originally from Captine, in the vicinity of Wheeling, Virginia, and was a widower at his death, leaving an only daughter, now residing here. Besides being clerk of several of the best boats running on the Mississippi, he was for about two years clerk of the Galt House, Louisville, Ky. The flags of all the steamers in port were yesterday at half mast.—*St. Louis Democrat 7th.*

—The Cincinnati *Chronicle* says: A shipping clerk in a well known candle and starch establishment, this morning went down to the river and inquired after the Pomeroy packet going up the river to-night. He was informed that owing to the dedication of the Davidson Fountain to-day, there would be no Pomeroy packet, as all the spare water in the river would be required to wash the figure representing the genius of water surmounting the fountain. The young man took the reply in solid earnest, and, as told by his employers, transferred the information to them.

—A late Memphis paper says: The river decline yesterday was exactly 1 inch, and the gauge mark stands 33 feet 10 inches below the high water mark of 1867. A captain of 20 years' service, and for a long time working about our harbor, declared yesterday that he had never seen the water down to its present level. The wreck of the old St. Louis, which sunk many years ago, at the foot of Union street, protrudes further above water than it has since the day it first went down.

—The committee from the Cincinnati Industrial Exposition, consisting of S. F. Covington, Esq., C. W. Rowland, Esq., Mr. Morrison, and a number of other gentlemen, visited the mammoth Thompson Dean on Thursday, and, after giving her a searching examination, awarded her the highest premium—a gold medal and a red badge.

—The boats now running from Portsmouth to Catlettsburg are the Crossley, Wild Boy and Oella, and from Portsmouth to Gallipolis, the Tom Hackney. Gallipolis is the highest point of communication by river, except by skiffs.

—The fire in the Southwestern, at Cairo, was extinguished during the night. It did not extend above the hold. The boat is not seriously damaged, but the cargo in the hold, consisting of apples, potatoes, flour and meat, was thoroughly cooked by steam.

—The transfer steamer McGregor was burned at La Crosse, Wis., Sunday. She was owned by J. H. Moulton, and valued at $9,000.

—Capt. F. Y. Batchelor, of the Pomeroy packet Ohio No. 4, has removed his place of residence from Newport to to this city.

—The United States Mail Line Company will run a line of steamers to Louisville as long as there is a damp spot left.

—The officers of the Exchange report the Viola and three barges loaded with railroad cars aground at Four-Mile.

—The Mollie Ebert, New Orleans to St. Louis was at Cairo on Sunday.

—A dispatch from Louisville says navigation is vertually closed.

—Twenty-three inches at French Island.

TO THE Voters of Allegheny County.

In the interest of the highest good of our community, we take the liberty to address you. Official corruption has been confined to no one locality, nor to any one political party. In Allegheny County it has resulted in the condign punishment of two prominent men, who confessed their guilt. But the contamination is widespread, and if the evil is to be stayed, it must be by the settled determination of the people to allow none but efficient, faithful men in positions of trust. The two vacancies referred to above have been filled for the time by upright men, to the great joy of the community. Shall they be so filled permanently? This is a vital question—vital to the interests of every taxpayer and voter in this county. We want men of unquestioned honor, and of fearless independence of charac[illegible] nations p[illegible]esent such.

The Liquor interest has made up its ticket for Commissioners, by selecting from the Democratic ticket, Mr. Stuckrath, and from the Republican ticket, Mr. McGunnegle. This movement on their part suggests our course of action, viz: to make every effort to elect men of known integrity, and established character. Mr. Dilworth is a man, proven by past and present service. Mr. Birmingham is in hearty sympathy with him. Neither one is bent upon an indiscriminate refusal of license, or upon any opposition to the wishes of the people. But both are earnest in demanding and pledging themselves to a fair and impartial enforcement of all the laws which they have to administer. Will it not be well for us to forget party lines in this local matter? Shall we let slip this golden opportunity to rebuke every office-holder among us who has abused his trust? Will you not give personal influence now, to record the condemnation of this county against the taking of bribes, and corruption in high places? We present you these two names. By earnest personal effort we can secure their election. If we fail, we trust it will not be because of the lack of vigorous effort on your part.

Respectfully, your fellow-citizens.

Johnstown Improved Hydraulic Cement,
This Cement is equal to any cement made in the United States, in many respects better than the Louisville Cement or the Rosendale, and decidedly better in all respects than the Uniontown or Akron Cement. It has a smaller amount of shrinkage, sets gradual, bears as much sand as any cement made, and gets as hard; stands frost well; it has all the qualities that hydraulic cement should have. The facilities for getting this cement is greater than all others in this market, less freight and fresher, which is an important matter. Having but a short distance to ship we can therefore sell cheaper than any other in the market.

Ayer's Cathartic Pills,
For all the Purposes of a Family Physic, curing
Costiveness, Jaundice Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the Blood, are the most congenial purgative yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action, and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most eminent clergymen, most skillful physicians, and our best citizens send certificates of cures performed and of great benefits they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar-coated, they are easy to take; and being purely vegetable, they are entirely harmless.

HOME NEWS.

Duff's College.—Evening classes now open.

Liberal Offer.—We are requested by Mr. Snively, agent of the Adam's Express Company, to state that they will carry anything to the sufferers of Chicago free of cost. The office of the Company is on Fifth avenue, near Wood street.

Bawdy House.—Yesterday evening Colonel George F. Morgan appeared at the office of Mayor Callow, and made an information charging Mrs. Dr. Rice with keeping a bawdy house on Pennsylvania avenue, Allegheny. A warrant was issued for her arrest.

Perjury.—It will be remembered that some time since, Mary Kreitzer charged Henry Snyder, before Alderman Koenig, with rape, to which charge Mary swore very positively. Now comes Snyder before Alderman Taylor and charges Miss Kreitzer with perjury, alleging that she swore falsely on the above occasion. The accommodating Alderman issued a warrant for Mary, who, it is understood, has "slipped the twig."

Fire in the Thirteenth Ward.—The alarm of fire was sounded from box 82, about half-past two o'clock yesterday afternoon, occasioned by a fire in the frame house on Meadow avenue, in the Thirteenth ward, owned and occupied by Myers Updegraff. It is supposed to have caught by coals falling out upon the floor. The building was completely destroyed, and the flames spread to the adjoining house of Alex. Denin, which was also consumed. Some furniture was burned in each house. Loss of each, including furniture, about $1050. Updegraff had $450 insurance on his house and $150 on his furniture in the Allemania Insurance Company. Mr. Denin had $600 insurance also, in the People's Insurance Company.

updegraff—incendiary

Second Ward.

At a Republican meeting held in the Second ward at 7½ o'clock, Wm. Woods was appointed President, and Dr. A. Arthurs Secretary. Thos. Phelps, John Hauch, Rob. McCutheon were appointed challengers; Dr. A. Arthurs and Wm. McCormick poll book-men; the ticket men at the table are N. P. Reed, Edward Biglow, Austin B. Loyd, C. E. Milligan, James M. Pryor, D. W. C. Carroll, Wm. Woods, James M. Fahnestock, Wm. Phillips, T. P. Houston, W. H. Murray, John Floyd, Nevin Dilworth, Ed. House, and Dr. Brown.

On motion adjourned to meet at 6 A. M.

Brief Mention of Criminalities Yesterday.

A drunken driver of a wagon rushed in among a crowd of boys at the *Leader* office door, struck one of them with a heavy whip, knocking the little fellow down, and scattering his papers in every direction. Officer John Moore promptly arrested him, and Mayor Brush locked him up for a hearing.

Benson, the "Peeping Tom," was fined five dollars by Mayor Brush, yesterday.

Kate Sinnott came to the office of Alderman Taylor and sued her husband Matthew Sinnott, to obtain support for herself and infant child. Warrant issued.

Before Alderman Butler, Dafney Douglass, colored, charged Manus Gallagher and Hannah, the wife of Manus, with disorderly conduct. Warrants issued.

The Mendelssohn Quintette Club.

The lovers of music, real music, in Pittsburgh already know what a treat they may expect from the concerts which the Quintette Club are to give this week. Music is a strange and difficult language, but marvelously sweet and beautiful when interpreted as these five men can interpret. With them the instruments laugh and sing and wail as if they were more than human, and Mozart and Mendelssohn and Schubert throw the mystic spell of their wonderful genius over the hearers as if they themselves were forming the sweet sounds. Their music is more exquisite than that of Thomas' orchestra because it is possible to attain more perfect accord with five instruments than with forty, and in every other respect these artists are as nearly perfect in their art as men can become.

Personal.

We had a very agreeable call yesterday from Charles Seymour, Esq., editor of the La Crosse *Republican*, a paper which under the able management of Mr. Seymour, has held the La Crosse district high among the strongest of the strongholds of Republicanism in the whole country, giving, like our own Allegheny, as high as ten thousand majority. He is likewise recognized as a prominent and influential protectionist, doing vigorous battle for the good cause. The *Republican* is published daily and weekly and is one of the best gotten up and ablest journals in the west. Mr. Seymour will remain in the city for a few days, and if he should conclude to canvass for his paper among our business men, we hope he will not do so in vain, as we feel sure a wide circulation in the right quarter will be given to any advertisements for which orders may be given him.

Seventh Ward Republican Meeting.

One of the largest [illegible] present campaign was held last evening by the [illegible] ward Republican Vigilance Committee, at the Franklin street school house, D. L. Fleming, Chairman, presiding. Arrangements were made to get out the full vote of the ward to-day. The following committees were appointed:

Challengers—Messrs. James Atkinson, Wm. Shore, Jr., Thomas Gatewood, Richard Williams, Jared M. Brush, Samuel McElhany and Peter Anderson.

Ticket Men—Messrs. S. B. Cooper, Job G. Patterson, B. B. Hunnicutt, R. J. McGowan and D. L. Fleming.

Election Officers—Judge, James Bonebrake; Inspector, Joseph A. Butler; Return Inspector, E. C. Matthews; Overseer, George W. Wilson; Poll Book Keeper, Wm. J. Logan.

The meeting adjourned to meet this morning at six o'clock, at the polls.

Correction.

In the report of the Committee of the House of Bishops, on "Uniformity of Ritual," received by telegraph and published in Monday's GAZETTE, several material errors crept in, which we correct as follows:

Among the reasons given for action the first should read thus: First. It is obvious to remark that there are among us great and growing "diversities of use" in the performance of Divine service and the offices of the church. Unless something is done, and done soon, in the interests of uniformity, these bid fair to equal, if they do not exceed, those which, at the period of the Anglican Reformation, were regarded as an evil to be removed, and which led to the decision that "the whole realm" should have "but one use." The rest of this was correctly printed. Among the acts which the committee propose should be forbidden by canon in Article 8, read: "it being provided that reverence at the name of the Lord Jesus is not intended to be *disallowed*," instead of *allowed*, as first printed. (9) should read, "The celebration *or* receiving of the Holy Communion by any Bishop or Priest, when no person receives with him.

A Good New Publication.

"Religious Denominations of the World, comprising a general view of the origin, history and conditions of the various sects of christians, the Jews and Mahometans as well as the Pagan forms of religion, existing in the different countries of the earth: with sketches of the founders of various religious sects, from the best authorities. By Vincent L. Milner. A new and improved edition, with and appendix brought up to the present time. By J. Newton Brown, D. D., editor of "Encyclopedia of Religious Knowledge." Sold only by subscription. Philadelphia, Bradley & Co., publishers 1871."

The above is the comprehensive title of a new publication of surpassing interest. Think of it. The creeds tenets peculiarities and present condition of every form of christian, Jew and Pagan faith in a book of 600 pages, compiled and edited by two eminent and entirely competant authors; printed in large type, on tinted paper richly illustrated, and elegantly bound, for the low price of $2.75; a book that every family should possess, and that cannot elsewhere be obtained, for sale by the sole agent for Western Pennsylvania, Mr. I. F. Harris, No. 21 Esplanade street, Allegheny, who will call upon the citizens generally for subscriptions or will receive them at his residence.

Masonic Celebration.

A grand celebration of the quarter-centennial anniversary of the organization of St. Cyprian Lodge No. 13, A. Y. M., will take place on Thursday, October 12th, 1 o'clock sharp.

The main features of the day will be: First—A grand procession through the principal streets of Pittsburgh and Allegheny by visiting lodges as guests of Mount Moriah and St. Cyprian. Second—A meeting at 2½ o'clock at Lafayette Hall, where addresses will be made by the National Grand Master Gleves and other distinguished orators. Third—A grand assemby and banquet at the same place at night.

General admission tickets for afternoon and evening 25 cents; banquet tickets $3 per couple, or $1.50 each. The public are very kindly invited to be present and give their patronage.

TO-DAY'S ELECTION.

The On look—Preparations for the Reception of Returns—Where Tickets may be Obtained.

Election day has come at last, and with it the brightest prospects for Republican success. No doubt whatever exists but that Allegheny county will again roll up a rousing majority for every Republican candidate, on both the State and County tickets. Never before was the outlook more promising than it is to-day. Let every voter be early to perform his duty at the polls, for delays are dangerous, and let each lover of progress, freedom and right, see to it that the ticket he votes comprises the straight out Republican candidates.

Arrangements have been made by the Lincoln Club, by which the election returns will be received in the evening at City Hall. None will be permitted in the building except members of the Club, but the returns will be announced from a platform constructed in front of one of the windows, as soon as they are received.

Tickets for Pittsburgh and districts in the vicinity may be obtained at the office of Alex. Hilands, Esq., Orphans' Court rooms in the Court House. For Allegheny and other districts from John H. Myler at the post-office.

CHICAGO FIRE.

The News in Pittsburgh.

EXCITEMENT, SYMPATHY, RELIEF.

Pittsburgh's Donation, $100,000.

THE CITIZENS IN COUNCIL.

A "Fire Fund" Instituted.

ALLEGHENY'S ACTION.

The news of the great fire—Chicago—has created the most intense excitement in the city. Early yesterday morning large crowds might have been seen perusing the bulletins at the offices of the morning papers, and later in the day when the news told that the fire was still raging, the people seemed to lose all interest in the morning paper bulletins and to transfer their attention to the offices of the afternoon dailies and the telegraph offices.

At two o'clock in the afternoon Councils met, and here, through the representatives of city was demonstrated the deep feeling of sympathy, and the readines to extend a helping hand to the sufferers, that have ever characterized the people of Pittsburgh.

That the city, through Councils, did not at once donate a large sum for the relief of the sufferers, is explained in the proceedings of the Municipal Legislature. The members of Common Councils were, by a decided majority, in favor of giving Chicago one hundred thousand dollars, and the sentiment of the Select branch was in perfect accord with that of the C. C., but the City Solicitor having expressed the opinion that the measure was illegal the Councils could not do as they wished.

THE FIRE DEPARTMENTS.

The fire departments of this city and Allegheny very promptly tendered their services to the burning city. Fire Marshall Butler, in behalf of Pittsburgh, communicated with Mr. McCullough of the Pittsburgh, Fort Wayne & Chicago Railroad, in regard to the transportation of the Fire Department to Chicago. The gentleman, with commendable promptness, gave notice that all the facilities that could be afforded on the road, were subject to the orders of the head of the Fire Department; that trucks would be ready for the transportation of the steamers, and cars for the firemen. A dispatch was then forwarded to Chicago, asking if the services of the Department would be required, and stating that five steamers were in readiness, subject to the order of the Chicago authorities. The reply came, however, that they were not needed, as they could not be made of service on account of the lack of water.

MEETING AT CITY HALL.

Although the notice had been brief, the people seemed to respond with alacrity to the call of Mayor Brush, and at four o'clock City Hall was about half filled with citizens representing every branch of business—professions, manufactures and trade, when His Honor Mayor Brush called the meeting to order.

He then stated briefly the object of the meeting, when upon his nomination, Mr. Reuben Miller was called to the chair.

The organization was completed by the selection of Messrs. Josiah King, John D. Bailey, Samuel Gormley, Henry B. Hays, T. B. Swearingen, William Frew, R. H. Kerr, Edward Gregg and John P. Pears, as Vice Presidents, and the reporters of the press as secretaries.

Mr. John N. Hazlett one of the reporters by request then read the latest telegraphic dispatches which had been received from the burning city in which further details were given of the devastation from the fire.

THE FIRST SUBSCRIPTION.

Col. Benton Kerr now obtained the floor and made one of his characteristic speeches. He had "just been informed that the Councils of Pittsburgh had refused to contribute anything to this noble charity, (a voice "that's not so," hisses and groans were heard from all parts of the hall at this announcement and the excitement became intense.)

The Chairman at that instant read a check from Mr. Wm. Thaw for $5,000, which incited the audience to the wildest cheers, waving of hats, clapping of hands and cries of "good, good."

THE ACTION OF COUNCILS.

Benton Kerr again essayed to speak, and referred to the action of Councils which he characterized as a disgrace. They had refused to contribute a dollar—

A voice—That's not so—you don't know what you're talking about.

"Benton"—I say I do. I have just been so informed by a gentleman at my side, and I say its a shame. We all remember the fire of '45. I was not in the city then, I was in Washington hunting an office. (Laughter) Which I didn't yet. (Laughter;) I always deal in facts. But I remember the response which came from Chicago then, and—

Mr. John H. Hare—I call the gentlemen to order. He's not stating the fact.

[illegible] I'm talking about. (Cheers from all parts of the hall.) I say let the Councils come here and state the facts, if I do not tell the truth.

Now I say the Councils have not done their duty. We are the people and I think, we ought to scourge these Councils and make them do their duty. I'd make them, (voices "Hear" "Hear.") We are to visit Baltimore in a few days. I'm not though as I don't belong to your city, but I say I'd be ashamed—

"BENTON" IS ADMONISHED.

A voice—"Oh, dry up."

Mr. E. Lare—Let's have the truth. Let him go on. [Cheers.]

"Benton." I say I would be ashamed to go to that city of Baltimore as a Councilman with the stigma of this business upon me. I'd be ashamed to be seen there as a citizen of Pittsburgh after this action. We are the people now here, and those Councils are but our servants. [Cheers.] Let us tell them here to go back to their Chambers and to fulfill the wishes of the people immediately. Let them have a special session at once, or let every Councilman hang his diminished head. The first county in the State is Allegheny, and the first city is Pittsburgh. There is more substantial wealth in this city too, and there's more picayune people too—[Laughter.]

Mr. Hare—We've had enough of this. I want to say one word as Councilman. We did *not* refuse to vote a dollar but Councils stand pledged to secure $100,000. [Wild cheering throughout the hall.]

Benton again attempted to speak but was cheered down.

A MANUFACTURER SPEAKS—COUNCILS DEFENDED.

Mr. Jacob Reese coming forward said: "We've not come here to blackguard our City Councils nor to call in question their action.

Mr. Jos. Lare—Let's have the truth.

Mr. Reese—We are not here to make invidious distinctions. This ought all to be stopped.

"Benton"—Who's that man.

Mr. Reese—Who are you?

"Benton"—I'll show you who I am—

[Cheers and cries for "Reese!" "Reese;" "go on Reese."]

Mr. Reese—I was going to say that we might appoint that man a committee of one to instruct our Councils what to do—but on second thought I'm of the opinion that they probably know what to do better than he does, and I guess they know how to defend the honor of the city of Pittsburgh, and will do so in their proper time. [Great cheering and cries of "good," "good," "that's so."] Let us to business, then, and not to speechmaking.

PRESIDENT OLIVER EXPLAINS.

President Oliver, of Common Council was now seen in the hall and loud calls were made for him. In response he ascended the platform and said, "They tell me some gentlemen have been amusing themselves about the Councils of Pittsburgh.

"Benton"—That's not so—

President Oliver—Well, I understood so. I wish to say that the resolution appropriating $50,000 for the Chicago sufferers was passed in Select Council. When it came up in Common Council there was a point raised as to whether we could pass it legally. We wanted to contribute the money, but to do it right. The Solicitor was appealed to, and he said we had no legal authority to make any such donation, and to do so we should have legislation. Well, then, we did the next best thing we could. We passed a resolution pledging ourselves to raise not less than $100,000. (Cheers.) Now, what more could we do? [A Voice—"That's all."] We passed that with scarcely a dissenting voice, and would have passed the first if it had been possible according to law. But the law was plain and distinct, and we could do nothing else. (Renewed cheering.)

President Gross of the Select Branch then took the platform and said, that Councils had made the pledge for one hundred thousand and he had no doubt there would be found enough citizens to redeem that pledge. [Applause]

COUNCILS ENDORSED.

A motion was then made and carried amid the greatest enthusiasm, to ratify the action of Councils. Col. "Benton" run alone voting in the negative and being greeted with hisses.

Chairman Miller said; Councils had now done their duty and it remained for the people to do theirs.

There was now a general rush made to get closer to the stand, and for a few moments all voices were drowned in the confusion. Order was finally restored when Mayor Bursh read

THE RESOLUTIONS.

Proposed by Mr. Jobe H. Hare as follows;

Resolved, That we, the citizens of Pittsburgh, deeply sympathize with our houseless brethren of Chicago in their terrible affliction, and that, as we are aware that such sympathy can better be shown in action than in idle words; therefore,

Resolved, That this meeting appoint the following gentlemen trustees of a fund to be raised by voluntary subscription and to be known as the Chicago Fire Relief Fund, with power to appoint solicitors for donations, and to distribute the moneys received by them into such channels as will by them be deemed the best by which to subserve the action of this meeting.

Resolved, That we call upon the citizens of Pittsburgh not to forget the hour of their own distress, but to give of their abundance with that liberality and large generosity which the awful exigency of this event, unparalleled in the history of the nation, demands.

J. M. BRUSH, Mayor of Pittsbrugh.

SUBSCRIPTIONS AT THE POLLS.

Mr. John D. Bailey moved that as there would be many people out to-morrow (to-day) that the Vigilance Committees of both parties be appointed collection committees, to receive subscriptions at the polls. Carried.

A LIST COMMENCED.

The chairman presented a check for $50 as a donation from W. W. Wallace.

Mr. J. P. Pears—Let's get to work at once. Let us start the subscription list at once

This idea met with general favor, and in a moment the reporters were busily engaged recording the subscriptions received.

SCENES IN THE HALL.

During the taking of the subscriptions, the wildest excitement prevailed in the hall, and each successive subscription, large or small, was hailed with cheers. The first burst came after the announcement of the Thaw donation, when some one called out "cash $1,000," as a check was passed up to the President. The people, looking in the direction of the voice saw Major Frew, and at once appreciated the situation and expressed their feeling in ringing cheers. Then the subscriptions came in so rapidly that it was impossible for the reporters, who had been chosen temporary Secretaries, to record the names; the money also came in pretty fast and the necessity of a Treasurer was apparent. Mr. John P. Pears of Pears, Bakewell & Co., was chosen to fill that position, and the "work goes bravely on." The next sensation was the announcement of the liberality of the Duquesne Way oil men—nearly $1,500 cash—which was received with cheers, clapping of hands and stamping. This scene was repeated at every large subscription, while the smaller ones also received a full share of applause.

When there was a lull in the "gathering in" of the funds, Major Frew moved that he Committee just appointed in accordance with the resolutions, be instructed to appoint Block Committees to canvas the city and solicit further subscriptions. Carried.

"Where will we leave our money?" sang out a stentorian voice in the rear of the crowd.

"Mr. Bakewell is responsible for the funds," responded Vice President King; "his office is corner of Wood street and Second avenue."

It was now five o'clock, and the reporters having footed up the amount received and announced it, the crowd began to disperse, and in a short time the hall was almost vacant. Just as the crowd had cleared, and before the Treasurer had packed up, Mr. Alexander Chambers came in and subscribed $1,000, which completed the list—making a total as given above.

WHAT PITTSBURGH LOSES.

As the news of the fire became more thoroughly known, the fact also became apparent that Pittsburgh was to be a loser, through the destruction of the property owned by some of her citizens and through losses sustained by her Insurance Companies. It is impossible at present to estimate what this [illegible] but be large. [illegible] Insurance Companies so far as can now be known, are as follows:

Pittsburgh	$5,000	People's (2 risks)	$10,000
Eureka	15,000	Boatmen's	15,000
City	5,000	Union (2 risks)	10,000
Allemania(3)	7,500	Western	5,000
Allegheny	2,500	M. & M.	6,000
Monongahela	12,000	National	2,500
Federal	7,500		
Total			$103,000

This is divided, as far as we could ascertain, as follows:

Farwell & Co., $50,000; Field, Lighter & Co., $40,000; Cass property, $40,000; Orient Hotel, ——. Of this property the establishments of Messrs. Farwell & Co. and Field, Lighter & Co. are supposed to have been destroyed; the Orient Hotel and Cass's warehouse, at the time of writing, are not known to have been consumed, although they were located contiguous to the burning district. The risk on the Cass property, $40,000, was placed in this city by Kauffman & Kelley, of the Artizan Company.

Pittsburgh firms will also lose, as many of them had goods stored in Chicago. Jones & Laughlin have a warehouse in Chicago containing stock to the amount of $25,000, but it is not known yet whether it is destroyed or not. Colman, Rahm & Co. have a warehouse near the burning district. They, as well as Wm. McCully & Co., are insured in Pittsburgh companies. Schwartz & Co., $2,500 worth in buildings there, which are thought to be destroyed. They were insured in Chicago companies. Among other Pittsburgh firms who have warehouses in Chicago, and who in all probability are losers, are Hussey, Wells & Co., Park Bros. & Co., William Smith, Lewis Oliver & Phillips, and James Woods' Sons & Co.

The Allegheny Insurance company of Pittsburgh, has $2,500 on the Cass building in Chicago, which is said to be destroyed. The property is covered by insurance in other companies to the additional amount of $17,000. The Monongahela Insurance company of this city also has $12,000 insurance on Chicago property.

It was stated that Messrs. Schoonmaker & Co. had lost heavily, but we have been assured by a member of that firm that they had nothing in store or on consignment in the ill-fated city.

The aggregate losses to Pittsburghers cannot now be estimated, but enough is known to indicate that it will be heavy.

FIFTH AVENUE LAST NIGHT

was crowded with excited throngs who gathered about the newspaper and telegraph offices, eager and anxious to hear all the news. As fast as the information came in it was bulletined so that all could see, and in this manner the people were kept well informed of the progress of the fire. They remained, patiently "devouring all that came" for hours, and it was not until near midnight that they began to seperate, and even then perhaps they would have lingered longer but that the bulletins were withdrawn. The newsboys reaped a golden harvest through the "extras" put out as late as seven o'clock by the evening journals, and which were disposed of as rapidly as the press could work them off. Such crowds have seldom been seen on Fifth avenue and the excitement vividly recalled those dark days but a short while ago when the battles raged—when "news from the front" absorbed every other interest. All classes seemed pervaded with a sincere feeling of sympathy for the sufferers in the burning city, and there was an earnest desire to render them relief which, judging from the preliminary arrangements of last night will doubtless find expression to-day in further practical efforts for the raising of money—which is the greatest need at presnt.

THE DRAYMEN

seem to be the first as a class to respond and as will be seen by a notice in another column, a meeting has been called for them, at Lafayette Hall Wednesday night to take some definite action to secure the contributions from all who are engaged in that branch of labor. There was some talk of a similar meeting among the butchers, but it did not result in anything definite. It has been suggested that every branch of business be represented in the fund. To accomplish this, the plan proposed is, that the employers in every business house, manufactory, rolling mill, office, bank, &c., give one day's wages to the cause, as was the case a few years ago when our city was in danger, and all the people turned out. The idea was carried out successfully then, and there is no reason why it should not now. Perhaps, however,

THE GENERAL COMMITTEE.

May adopt some other plan at their meeting this morning. As will be seen they assemble at 11 o'clock, at the office of Messrs. Bakewell, Pears & Co., and as much depends upon their movements, it is desirable that every member be present. The Chairman desires a full attendance and that every member come prepared to suggest something that can be made immediately practical. It is to be hoped that our action as a city will show that we are not ungrateful for past sympathy in our hour of trouble.

Allegheny's Action.

About two o'clock yesterday a number of citizens of Allegheny requested Mayor Callow to call a meeting of citizens at the Common Council Hall in the evening. Accordingly, a notice was sent to each of the evening papers to this effect. It did not appear in any paper, however, except the *Mail*, and no other announcement was made until evening, when two or three placards were made out and posted about the city building. Pursuant to this call, quite a large and enthusiastic concourse of citizens assembled at the place designated. An organization was effected by calling Mayor Callow to the chair and appointing Messrs. Claney and Henderson and the reporters of the press secretaries.

Mayor Callow upon taking the chair stated the object of the meeting, and said that during the day he had been loaned three grocers wagons and had hired two wagons, each of which had been placed under the control of a policeman and sent through the city to gather provisions and clothing for the sufferers, and that J. N. McCullough Esq., had placed a car at his disposal to send the goods through, to be attached to the one o'clock Express this morning.

Mr. Brown moved that a person be appointed to accompany the car and pay his own fare. Mr. Claney was appointed.

The Mayor stated that he had received a communication from President Scott offering to carry all articles out to the Chicago sufferers free of charge.

Mr. Moore moved that committees be appointed in each ward to solicit contributions from the citizens and also that a Central Committee be appointed to take charge of all moneys and goods collected. Carried.

The following were appointed as members of the different committees.

First ward—Ormsby Phillipps, Capt. Brown, Hon. Jas. L. Graham, C. Yeager, H. Brady Wilkins, Rev. Col. Clark, J. F. Jennings, Robt. White, S. C. Schoyer, Wm. McKee, Archy Marshall, H. M. Long, John Robinson, Stephen Wessell.

TERRIBLE ACCIDENT.

A Grindstone Bursts and Kills a Workman Instantly.

About half past one o'clock yesterdoy afternoon an accident of a singulnr nature occurred at Coleman Rahm & Co., Mills between Sixteenth and Seventeenth streets, in the 10th ward. At that time a workman named William Diebach, was engaged in grinding springs at one of the immense grindstones used for that purpose, being seated directly in front of it. Suddenly the stone, six feet in diameter and of proportionate thickness, burst in several pieces, which flew off in the direction of Mr. Diebach, with terrible force. A portion of the stone struck him on the forehead, crushing his skull, and at the same moment under the chin, knocking him upwards and throwing him into the pit, on oneside of the grindstone. Other workmen saw the accident and immediately ran to the spot, but it was some minutes before the body was found, as it was impossible at first to tell in what direction it had been thrown. The machinery was immediately stopped when the man was found to be dead. A message was dispatched to the Coroner's office, but the official was not to be found. The body was then removed to the home of the man in an alley off Liberty street Allegheny.

Deceased was a man of between forty and fifty years of age and has a wife and three children. A particularly sad feature of the case is the fact that Mrs. Diebach is ill and approaching confinenent and the terrible catastrophe may prove fatal to her.

Since the above was written Alderman Neubert in consequence of the Coroner's illness, empannelled a jury and at 7. P. M. held an inquest. After taking some testimony the inquest was adjourned until seven and a half o'clock A. M.

PITTSBURGH COUNCILS.

Regular Meeting Yesterday—Adoption of the Water Ordinance—Relief of the Chicago Sufferers—Minor Matters.

Pittsburgh Councils held a regular semi-monthly meeting yesterday (Monday, Oct. 9, 1871.) at their chambers in the City Building.

SELECT COUNCIL.

A. H. GROSS .... President.
E. S. MORROW .... Clerk.

The Select Council was called to order at 2:15 P. M., when upon the calling of the roll the following members were found to be present:

Messrs. Ahl, Ahlborn, Aiken, Chislett, Devlin, Donnelly, Edwards, Gallaher, Herron, Hoeb, House, Jeremy, E. P. Jones, Isaac Jones, Kehew, Kirk, Laufman, Liddell, Littell, Lloyd, Marshall, McCarthy, McCune, Miller, Morrow, Murdoch, Neely, Phillips, Rafferty, Scully, Seely, Shipton, Thompson, Wainwright, Riddell, Wilson and Gross, President.

The minutes of the previous meeting were read and approved.

PETITIONS, RESOLUTIONS, ETC.

Mr. SHIPTON, bill of Samuel Hastings. Referred.

Mr. McCUNE, a communication from the Controller, inclosing bills for sewers, printing, etc. Communication received and referred to Finance Committee.

Mr. RAFFERTY, a petition from Thomas H. Hunter, asking permission to build a brick house on Second avenue, without fire walls. Petition granted.

Mr. MORROW, a number of bills accompanied by a resolution, authorizing payment thereof. Passed finally.

Mr. E. P. JONES, a resolution for two gas lamps on Sixth avenue, between Wood and Smithfield streets. Referred.

Mr. RIDDELL, petition for a gas lamp on Forty-third street. Referred.

Mr. KIRK presented a communication concerning the National Commercial Convention in Baltimore. Received and ordered to be published in all the daily papers.

RELIEF OF THE CHICAGO SUFFERERS.

Mr. SCULLY offered a resolution authorizing the Controller to draw a warrant in favor of the city of Chicago for $25,000, toward relieving the distress occasioned by the great fire raging in that city.

Mr. LLOYD thought the amount was not sufficient, and that it would be better to call a meeting of the citizens in regard to the matter.

Mr. RIDDELL hoped the resolution would pass.

Mr. PHILLIPS said that Pittsburgh as a municipality, should do better. But we had not the power to do this at present, as we had not the money, and Councils could not increase the city's indebtedness.

Mr. HERRON thought Pittsburgh of all other cities, should hasten to do an act of the kind contemplated by the resolution.

Mr. E. P. JONES thought we should give $50,000, and moved to amend the resolution to that effect.

Mr. PHILLIPS said he did not wish to oppose the resolution, but the Councils had not the power to increase the city's indebtedness, without additional legislation.

Mr. GROSS, (Mr. Morrow in the chair) said he would second the amendment of the gentleman from the Thirteenth ward, (Mr. Jones) and if the city had not the power the Finance Committee could hold a meeting and provide ways and means to pay the same.

Mr. KIRK amended as follows: "That the Finance Committee be authorized to provide means for the payment of the sum named in the resolution."

Messrs. PHILLIPS and McCARTHY opposed the amendment on the ground that it was illegal

Mr. SHIPTON moved to amend as follows: "That the Controller be authorized to negotiate a temporary loan for the payment of the sum named in the resolution."

The resolution, thus amended, was read three times and passed.

Mr. McCARTHY, a remonstrance against the opening of a sewer on Grant street. Referred.

Mr. RIDDELL, a remonstrance against the opening of a certain alley in the Seventeenth ward. Referred.

The unfinished business of Common Council was taken up, all of which was concurred in except the following:

Ordinance for grading and paving Try street. Objected to and laid over.

An ordinance for widening Try street. Laid over.

Ordinances for grading First avenue, and for grading Try street between First and Second avenues. Laid over.

CINCINNATI GIVES $100,000.

The PRESIDENT read a dispatch from Cincinnati to the effect that the Councils of that city had appropriated $25,000 for the relief of Chicago, and that the private subscriptions amounted to $75,000.

THE WATER ORDINANCE.

Mr. E. P. JONES called up the Water Commission ordinance, and moved that it be put upon its third reading and final passage.

Mr. PHILLIPS moved that the ordinance be recommitted. He said the season was now so far advanced that it would be impossible to do anything in the way of erecting new water works before next spring. He offered the following resolution:

Resolved, That P. H. Laufman, Josiah Beamer and D. W. C. Carroll be and are hereby appointed a Commission with authority to examine the present water works and report to Councils whether said works cannot be enlarged and extended by additional basins and machinery, so as to procure a sufficient supply of pure water for the present use of the city, and for the wants of the city for several years to come, and they shall be authorized to employ such engineers and assistants as may be necessary; and if they shall report in favor of such an extension, cause plans to be prepared in accordance with their recommendations.

Mr. PHILLIPS said the gentlemen named in the resolution were selected because they had been elected Commissioners under the former ordinance. In the ordinance before us nothing was contemplated except a new water works. He thought an examination of the present water works would show that an adequate supply of water could be obtained without the expense of new water works.

The resolution was opposed by Messrs. Isaac Jones, E. P. Jones, [illegible], Lloyd, and Chislett, all of whom spoke against it and in favor of the water ordinance.

Mr. RIDDELL thought the resolution should [illegible] it gave the gentlemen of the Commission power to examine the old water works, and there was a probability that such an examination would save to the city a vast sum of money. Under the ordinance the Commission could do nothing with the old water works. They must erect new water works.

Mr. KIRK said the Commission, under the ordinance, would have the same power as the gentlemen named in the resolution.

Mr. RIDDELL read a section of the ordinance, and showed that the Commission would have no such power.

Mr. LLOYD said the whole matter would still be in the hands of Councils, in the event of the passage of either the resolution or the ordinance.

Mr. McCUNE, in a speech in favor of the resolution, said that according to the figures of the Chairman of the Water Committee, the water ordinance would incur a debt to the city, the interest upon which would amount to fifteen mills upon every dollar of property in the city.

Mr. KIRK offered an amendment to the resolution to the effect that the Committee would therein be required to report whether the old water works can be enlarged and extended, before entering into any new contracts.

Mr. KIRK then moved to lay the resolution and amendment on the table.

The ayes and nays were called, resulting as follows:

Ayes.—Messrs. Ahl, Aiken, Chislett, Edwards, Gallaher, Herron, Hoeb, House, Jones, Kirk, Laufman, Lloyd, Marshall, Morrow, Neely, Rafferty, Scully, Seely, Shipton, Thompson, Wilson, Pres't. Gross. Ayes, 22.

Nays.—Messrs. Devlin, Donnelly, Isaac Jones, Kebew, Littell, McCune, Miller, Murdoch, Phillips, Wainwright, Riddell. Nays, 10.

The question then recurred upon the third reading and final passage of Water ordinance. The motion prevailed, so the ordinance passed finally.

THE CHICAGO DONATION.

The resolution giving $50 000 to Chicago, amended in C. C., was taken up, when Mr. Morrow moved that this body adhere to its former action. Lost.

TESTIMONIALS DECLINED.

The President read a communication from W. O. Hughart, Esq., President of the Pittsburgh and Connellsville Railroad Company, in which he respectfully declines the testimonials tendered him recently by Councils. The paper was received and filed.

It was announced that Common Council had adjourned, and that body was requested to hold a special session for the purpose of considering the Chicago resolutions.

President OLIVER here entered the Select Council Chamber and said that the Common Council could not hold a special meeting for the reason that many of the members had left the chamber and a quorum could not be procured. He would say, however, in reference to the proposed donation to the Chicago sufferers, that a large majority of Common Council were in favor of giving to Chicago one hundred thousand dollars, but that the City Solicitor had given his opinion that Councils could not do so legally. He did not want his branch of Councils placed in the position of refusing to help the Chicago sufferers.

Mr. GROSS (Mr. Isaac Jones in the Chair) moved that this Council recede from its former action and concur with the action of C. C. on the first resolution. The motion prevailed.

Mr. GROSS then moved tou on-concur in the second resolution and substitute the following: "That the members of Councils recommend that the sum of $100,000 be raised by private subscriptions for the relief of the Chicago sufferers. Carried.

Adjourned.

COMMON COUNCIL.

H. W. OLIVER, JR .... President.
H. McMASTER .... Clerk.

Council met at fifteen minutes past two o'clock. Members present: Messrs. Albietz, Andersen, Arthurs, Barr, Batchelor, Beymer, McGympsey, Brown, Buffum, Carroll, Caskey, Chalmers, Dietrich, David L. Fleming, John Fleming, Follansbee, Froelich, Gallsath, Gilmore, Hammond, Hambel, Hare, Hayden, J. H. Jones, Kohne Lageman, Lappan, Lowrey, Mattern, McCandless, McKelvy, Meyer, Moore, R. H. Negley, W. B. Negley, Oliver, Price, Raible, Rees, Rosewell, Rowley, Scott, Shoeb, Sims, Smith, Snodgrass, Verner, Wallace, Watson, H. W. Oliver, Jr., President.

After the call of the roll Mr. McCANDLESS moved that the reading of the minutes of the preceding meeting be dispensed with. Carried.

THE CHICAGO FIRE.

Mr. McCANDLESS then asked permission, which was granted, to offer a resolution tendering the use of the Pittsburgh Fire Department to the Chicago authorities.

Mr. J. H. JONES suggested that a public meeting also be called.

Mr. McCANDLESS said that could be attended to afterward.

Mr FOLLANSBEE suggested a verbal amendment to the resolution, "the Councils *now* in session." Agreed to.

Mr. HARE said the Chicago authorities had been tendered the use of the Department several hours before; this would legalize the tender.

The resolution was then adopted.

REGULAR BUSINESS.

Mr. SIMS presented a petition for the payment of a claim, $319 24 due Hastings & O'Neil, contractors for grading and paving.

Referred to Finance Committee with power to act.

Also, a bill of a similar character, from Park & Byrne's asking for payment of $926.12.

Referred to Finance Committee with power to act.

Also, petition for gas lamps around the High School on Bedford avenue. Referred to Gas Committee.

Mr. HARE, petition from W. and D. Reinhart for privilege to lay a sewer on Short street. Referred to Wharf Committee.

Mr. D. L. FLEMING presented a resolution, instructing the Street Commissioner of the Second District to have a crossing for pedestrians placed on the corner of Congress and Franklin streets, Seventh ward. Referred to Street Committee.

Mr. McGYMPSEY, petition for opening of Our alley, Eighth ward. Referred to Street Committee.

Also, petition from Amos Kelly, asking for the appointment of viewers to assess damages sustained by his property by the grading of Bank alley. Referred to Street Committee.

Mr. McCANDLESS, resolution for gas lamp on corner of Webster avenue and Peach alley and on corner of Webster avenue and Roberts street. Referred to Gas Committee.

Also, resolution for flagstone crossing on Wylie avenue, at the mouth of Granville street. Referred to street Committee.

THE RIVER CHANNEL.

PRESIDENT OLIVER presented a petition from a number of coal merchants and rivermen asking that some action be taken for the dredging and subsequent protection of the river channel under and in the vicinity of the Pan Pandle Railroad bridge. The petition was accompanied by a resolution referring the matter to the Monongahela Wharf Committee with power to act.

Mr. JOHN FLEMING, a member of the Wharf Committee, said that they had considered this matter and found that they had no jurisdiction in it. There was also no appropriation for it and no money to do it. The wharf only went to the upper side of Grant street; all above that was private property, which extended down to the lower water line.

President OLIVER thought the city certainly had jurisdiction in preserving a water channel within its limits, through which a vast trade passed. The coalmen depended on the city to preserve this channel for them. They paid three-fourth of all the wharfage paid in, and the preservation of the channel was a matter of investment. He thought it was clearly the duty of the Wharf Committee to take the power to attend to this matter.

Mr. FLEMING said they had remonstrated with the people when they found them unloading sand and coal and filling up the channel there, and the reply was that the city did not own a part of wharfage there, and had nothing to do with the channel. He did not feel like going on with the work unless the Committee had special legislation in the matter.

Mr. OLIVER thought the matter might be remedied by dredging the river channel now, and then employing a man to prosecute any person or persons found filling in the channel below low water line.

After some further discussion the resolution was passed.

Mr WATSON, resolutions for gas lamp on Thirty-eighth street, corner Union alley, and on Thirty-ninth street. Referred to Gas Committee.

Also, petition for the grading and paving of Thirty-seventh street, from Butler to Penn street. Referred to Street Committee.

Mr. SCOTT, resolutions for four gas lamps on Forty-second street; also, for gas lamps on North street, North side; also, between Fortieth and Forty-second streets, on North street. Referred to Gas Committee.

THE CITIZENS MEETING.

Mr. J. H. JONES offered a resolution providing for an adjournment of Councils at four P. M., that the members might attend the meeting called by the Mayor for that hour in relation to the Chicago fire.

Mr. CASKEY moved to amend, "provided we get through with the regular order of business." Lost.

The resolution as originally presented was then passed.

BALTIMORE EXCURSION.

Mr. W. B. NEGLEY presented a resolution, providing that His Honor Mayor Brush be added to the Committee on Invitation, of the Baltimore excursion, in accordance with the desire of the officers of the Pittsburgh, Washington and Connellsville Railroad, who had been delegated as that Committee. Passed.

Mr. SNODGRASS, petition for grading and paving of Young's alley, Seventh ward. The petition was accompanied by an ordinance authorizing the work to be done. Referred to Street Committee.

Mr. BARR, resolution instructing the Police Committee to place two policemen between Oakland and East Liberty. Held over.

Mr. McKELVY, presented a resolution providing for the tendering of an invitation to Governor Geary to attend with the Pittsburgh delegation on the excursion to Baltimore. Passed.

THE STREET DEPARTMENT.

Mr. CASKEY, from the Street Committee, reported the resignation of Mr. Wm. E. Rowe as Clerk to the Committee, and the appointment of Mr. D. W. Howard to fill the vacancy. The appointment was confirmed. The Committee also recommended that the report of the viewers on widening of Webster avenue be set aside. The report was set aside.

The ordinances and business accompanying were disposed of as follows: ordinance authorizing construction of public sewer on Thirty-third street, passed finally. Ordinance authorizing construction of sewer on Try and Shingiss streets; passed finally. Ordinance for grading, paving and curbing Hatfield streets from Forty-sixth to Forty-seventh streets; passed finally. Ordinance authorizing grading of Try street, from First avenue to P. & C. R. R. track; passed finally. Resolution instructing City Controller to certify warrant in favor of Cochran & Bro., for $250 for basket grating on sewer at Forty-eighth street; passed finally. Report of viewers on opening of Ann alley, Seventh ward. Approved.

Mr. OLIVER presented a resolution instructing the Road Committee to examine the condition of the Connellsville Railroad at Smith's crossing, and confer with the company officers in reference to any changes which might be deemed advisable. Referred to Road Committee.

THE "CHICAGO APPROPRIATION."

On motion, the regular order of business was suspended to consider the resolution presented from S. C. in reference to appropriating $50,000 for the relief of the Chicago sufferers.

The resolution was then called up as it had been passed in S. C.

Mr. J. H. JONES moved to non-concur. The Councils had no right to raise money in that way—to increase the debt of the city. He favored giving the money but preferred another way, and offered a resolution pledging the Councils to raise $100,000 by voluntary subscriptions.

Some discussion ensued.

Mr. HARE explained that the resolution as passed in S. C. simply meant to appropriate the $50,000 until it could be raised by private subscription.

Mr. CHALMERS called on the City Solicitor for an opinion in the matter.

Mr. McCANDLESS said with the explanation given by the member from the Fourth ward, he did not see how a single member could vote against this resolution. It was the part of benevolence, if they were to extend practical sympathy to the sufferers, to do so at once. It would require some time to collect this [illegible] relief was needed. He had always stood by the Treasury, but in this case he thought the resolution ought to be passed.

Mr. FOLLANSBEE called attention to the rule requiring all resolutions or ordinances appropriating money to be read three times.

The motion to non-concur was then voted down.

Mr. CHALMERS wanted to know if the resolution would not require a three-fourths affirmative vote before passing, as it called for the expenditure of money.

President OLIVER said the point was well taken.

Mr. SMITH moved to suspend the rules and consider the resolution. Carried by a vote of 33 to 9.

Mr. HARE moved to concur in the action of Select Council and pass the resolution finally.

Mr. BARR moved to amend by increasing the amount to $100,000. Withdrawn.

After some further discussion the action of S. C. was concured in.

Mr. J. H. JONES said he was in favor of contributing the money, but he wanted it done legally. He wanted to hear from the City Solicitor.

COUNCILS NO POWER TO DONATE.

Mr. SLAGLE, the Solicitor, said there was no fund from which the $50,000 could be drawn. Then the amount must be raised by borrowing, and Councils had not the right to borrow, except by special legislation. There was also a requirement which prevented the Controller from certifying a warrant upon any appropriation to over run it. He thought that the city had no power to appropriate the money, and if any tax-payer objected it could not be paid.

Mr. ARTHURS moved to reconsider their action in concurring.

Mr. McCANDLESS thought in view of the Solicitor's opinion it would be well to reconsider and accept Mr. Jones' substitute—to pledge themselves to raise the money.

Mr. OLIVER—Chicago in 1845 didn't stop on technicalities. It was a small place then, but they didn't hesitate to take action in sending aid to us.

Mr. CHALMERS—Did they act in their municipal capacity? Didn't they have a special act of the Legislature?

President OLIVER—No, sir; they acted in their municipal capacity. It is no time to stop for legislative action when 100,000 people are out in the grass.

The motion to reconsider was then carried.

Mr. McCANDLESS then moved the adoption of Mr. Jones' substitute.

Mr. HARE suggested that the members of Councils from each ward act as committees from Councils to raise this amount in their own wards. The "Citizens' Meeting" could in addition appoint other committees. No action taken.

Mr. BATCHELLER offered as an amendment to Mr. Jones' substitute a resolution authorizing the Ordinance Committee to prepare a bill to be presented to the Legislature authorizing Councils to raise $100,000 for the relief of the Chicago sufferers.

In offering this resolution the member explained that the Councils should take some action to protect themselves in raising this money and if they pledge themselves to raise the money, there should be something to protect them afterwards.

The substitute and the amendment were incorporated in one motion.

Other motions then followed in rapid sucession, when finally

Mr. SMITH moved to lay all motions on the table and reconsider their action in voting to "reconsider" their first action of concurrence.

Mr. CHALMERS made the point of order that the gentleman had voted in the minority and was therefore out of order.

Mr. WATSON—I think its a shame to have all this humbuggery: We ought to have passed this at once and then sent a draft at once—that it might have been there to-morrow morning. This whole business is a disgrace to Pittsburgh.

President OLIVER—We have just as much authority to vote this money as we had to vote for the payment of the Baltimore excursion bills; and many other things we are doing every day.

Mr. JONES said there was a fund to draw that from. There was no fund for this $50,000.

Mr. BARR who had voted in the majority now moved to reconsider their last action and offered an amendment to Mr. Jones "resolution." Which was not accepted.

The two papers were finally incorporated and passed as follows:

WHEREAS, It appears that Councils have not the power to appropriate money for the relief of the Chicago sufferers, therefore,

Resolved, That the Ordinance Committee be and they are hereby authorized to prepare a bill, to be presented to the Legislature, authorizing Councils to appropriate one hundred thousand dollars for that purpose.

Resolved, That the members of Select and Common Councils recommend that said sum of one hundred thousand dollars be raised in contributions for the relief of sufferers by fire in Chicago, and that they pledge themselves to raise that amount.

Common Council then adjourned.

Flour Mill Property by Auction in Sharpsburg.

The Emoral Steam Mills, situate in Sharpsburg, at the corner of Mill street and Western Pennsylvania Railroad, will be sold on the premises to-morrow afternoon, at 3 o'clock. The situation, capacity, and working condition of this flour mill are all inviting for capitalists to make a first class investment. See McIlwaine's auction advertisement for particulars.

VOTE the whole Republican ticket to-morrow.

SEND the result of the election in your district to-night to this office.

THE County Executive Committee did not meet, as announced, at the Lincoln Club rooms yesterday afternoon.

THE Great Western Band have tendered their services, and will give a free concert at the Allegheny Park to-morrow evening.

DILWORTH and McGunnegle are the Republican nominees for County Commissioners. Vote for no others, and beware of "stickers."

DO NOT scratch a ticket to-day. The Republican party has put a good ticket in the field. Stand by every man on it, and do not slight any name.

SEND in your returns to the GAZETTE office to-night. For the purpose of receiving the news, we shall keep our forms open until four o'clock on Wednesday morning.

THE Superintendent of the Western Union Telegraph Co. authorizes us to announce that arrangements have been made whereby the election returns will be announced, as received, at the Common Council Chamber, Allegheny.

ROBERT HOUSTON, Esq., died at his residence, No. 224 Second avenue, at an early hour on Saturday morning. The deceased was widely known and universally respected. He was good-natured and kind hearted, liberal in all things and generous to a fault. His death will cause much mourning in a large circle of friends and acquaintances.

THE long-talked-of hunting match for $200 aside came off on Saturday, on the hills skirting the borough of Ormsby. Sixty-two squirrels were shot, the winning party killing forty-seven of the same. Holtzheimer, the popular restauranter on Fifth avenue, next to the Postoffice, became the purchaser of the game, and to-day will serve it up to his callers. He is always up to time in such matters, and will afford rare eating to his customers so long as the game lasts.

OFFICE OF CITY ENGINEER AND SURVEYOR,
PITTSBURGH Sept. 30, 1871.

NOTICE TO PROPERTY OWNERS.—All persons owning property in the Ninth (9th) and Tenth (10th) wards, are requested to leave the deeds of their property at this office for the purpose of having them registered in accordance with Section 4 of an act of Assembly entitled "An Act Providing for the Registry of Lots in the City of Pittsburgh."

SEC. 4. It shall be the duty of all owners of houses and lots, or tracts of ground, to furnish forthwith descriptions of their property to the Engineer to aid him in making up his book of plans, and whensoever such descriptions shall have been furnished, and the certificate of the Engineer or his assistant shall be received, no property so returned shall be subject to sale for taxes or other municipal claims thereafter to accrue as lien of record thereon, except as in the name of the owner returned; and after recovery of suit and service of the writ on him, as in case of a summons *scire facias* or other appropriate writ, should this be neglected or omitted, or not complied with as promptly as may be deemed necessary to insure the early completion of the plans; then after one month's notice by public advertisement in the official papers of the city to the owners of real estate in said city not registered, and a written or printed notice shall have been served on the owner or owners, or delivered upon the property, should they fail to have such record made, then and in that case, they shall be subject to a fine of five dollars for each month of such neglect, dating from the termination of said advertisement and in case the same be neglected for the space of six months, a lien for the accumulated fines and costs shall be filed and collected as municipal claims are now or may be hereafter by law collected, the said fines to be paid into the city treasury; the notices to parties failing to register property may be given so as to embrace the property of any particular ward or section, or any number of wards or the city at large, at the discretion of the said City Engineer.

H. J. MOORE,
se30 b20 City Engineer.

TO BOILER MAKERS AND MACHINISTS.—Those desiring to enter into the business of manufacturing Boilers, Tanks, &c., in all its branches, have a good opportunity afforded them in the following, viz: The leasehold of a lot of ground, situate on the line of the Allegheny Valley R. R., between 32d and 33d streets, Fifteenth ward, Pittsburgh, lot 96 feet front by 120 feet deep; lease having fifteen years to run, from April 1st, 1871, at an annual rent of $480, on which lot is erected an iron-clad building, having a front of 72 feet by 30 feet in depth, containing boiler, steam engine, shears punching machines, shafting, rolls, furnaces, trucks and all the fixtures, tools, and implements necessary for and used in a boiler yard and sheet iron works, and sufficient for the working of thirty hands. The works have a LARGE ESTABLISHED CUSTOM, which is worth more than the price asked for the entire works and leasehold. This property can be purchased for less than the lease of the naked lot alone is worth. Every facility for shipping is afforded. Here is an opportunity seldom offered. FREE EXCURSION!

113 LOTS,

Beautifully Located,

CLOSE BY STATION.

On the premises, on MONDAY, October 16th, on arrival of the train at Swissvale that leaves Union Depot at 10:20 A. M.,

113 LOTS

almost perfectly level, and all fronting on good wide streets, and in a splendid neighborhood. Lots vary in size from 25 by 100 to three or four acres, and for beauty of location are unsurpassed. Almost the entire plot is planted with choice fruit of all kinds, and what is not planted with fruit is beautiful natural forest groves. Although so many lots have been offered this season there has been none offered that will compare with these in every respect. The Railroad and the good character of the neighborhood are established facts, and persons buying here know just what they are doing and do not have to depend upon uncertainties. Persons wanting to secure a home on line of most popular Railroad, and in a first-class neighborhood, should not fail to attend this sale.

The great number of accommodation trains on the Pennsylvania Railroad, running at almost all hours, the first leaving in the morning starts at 6 o'clock, and the first train arriving in the city reaches the Union Depot at 6:20 A. M., and the last accommodation train leaves the city at 10:50 P. M. and arrives at 11:10 P. M., makes property on the line of this road more desirable than on any other centering in the city. A free excursion train will leave the Union Depot at 10:20 A. M. Terms easy and will be made known on day of sale. For information, inquire of

68 CITY LOTS—LAUGHLIN'S STATION, on Connellsville Railroad. Cottages, Large Grounds &c.

SATURDAY AFTERNOON, October 14th, at 1 o'clock, on the premises, will be sold 68 City Lots, at Laughlin's Station and Frankstown, on Connellsville Railroad, John R. Bingler's plan.

These Lots are beautifully situated in the Twenty-third ward, Pittsburgh, within 2½ miles of the Court House, and in the midst of handsome improvements, with every convenience and comfort of city life. They are 22 and 24 feet front, by varying depths from 1.0 to 130 feet, surrounded by 50 and 60 feet avenues, in immediate adjacency to Eliza Furnaces, Pittsburgh Bolt Works and Frank's Glass Works, yet in a beautiful valley, free from the smoke of manufactories.

Also, Suburban Grounds and Improvements, which comprise one plot of nearly an acre, cultivated with choicest Fruit and Ornamental Trees, Dwarf Pears, Small Fruits and Shrubbery. The improvements are a fine Brick Cottage House of 8 Rooms and Basement, Summer Kitchen and Spring House.

An adjoining Lot of 69 perches has an abundance of choice Fruits and Flowers.

Another large adjoining Lot, under finest ornamental cultivation, has a two-story Frame Cottage of 5 Rooms and Basement Kitchen, a two-story Stable with stone basement, and Well of finest Water.

These beautiful situations overlook the Monongahela river, Birmingham and adjacent boroughs, sweeping the entire south side view of the Monongahela valley; also commanding the site of the proposed City Park. Many of the smaller lots contain Fruit Trees, and the entire sale offers unusual attractions for every class of city buyers.

A Free Excursion Train will leave the Connellsville Depot, foot of Grant street, at 1 o'clock, P. M. on the day of sale. Terms of sale—one-fifth cash; balance in five equal annual payments. $20 of the cash payment to be made on each lot at time sale.

Valuable Property

FOR SALE

In Cumberland, Maryland.

The beautifully situated property within the corporate limits of Cumberland, Md., known as the

"Reynolds Farm,"

CONTAINING 160 ACRES, more or less. This desirable property fronts on the Baltimore Turnpike, less than half a mile from the Railroad Depot, and runs back to Maryland Avenue, and is well suited for manufacturing purposes. There are on the property a splendid private residence, situated on a beautiful eminence overlooking a large portion of the city, and three tenement houses. The whole property will be sold on very reasonable terms if applied for soon. Terms may be learned by calling at the Farm, where any information in regard to it will be cheerfully given.

PROPOSALS.

PROPOSALS FOR

Iron-Frame Barrack Bunks.

QUARTERMASTER GENERAL'S OFFICE,
WASHINGTON, D. C., Sept. 8, 1871.

SEALED PROPOSALS in duplicate, with copy of this advertisement attached, will be received at this office until 12 o'clock, noon, the 20th day of October, 1871, for the manufacture of such number not exceeding 12,000 of iron-frame, single barrack bunks, as may be required for the use of the U. S. army during the present fiscal year, in accordance with the two patterns adopted by the War Department.

Plans and specifications of the adopted patterns may be seen at this office, and at the offices of the Depot Quartermasters at New York, Philadelphia, Boston, Louisville, St. Louis, Chicago and Pittsburgh.

Proposals will state distinctly at what point the bunks will be delivered to the officers of the Quartermaster's Department for transportation; the price per bunk complete, as also for iron-work complete, but without the wooden slats.

The right is reserved to reject all bids offered, as also to contract for such number of each or either pattern as may be deemed advisable by the Quartermaster General.

Each bid must be accompanied by a guarantee of at least two responsible persons that in case the bid is accepted, and a contract entered into, they will become sureties, in a sum equal to one-fourth of the amount of the contract, for its faithful fulfillment.

Proposals to be endorsed "Proposals for Iron-frame Bunks," and addressed to the Quartermaster General of the Army, Washington, D. C.

M. C. MEIGS,
Quartermaster Gen'l. Bvt. Maj. Gen'l, U. S. A.
